

## BIOGRAPHY

**Jaafer Golzar, MD, FACC, FSCAI**  
**Course Director**

Dr. Golzar is an interventional cardiologist at Advocate Christ Medical Center and Advocate Trinity Hospital specializing in the treatment of complex peripheral arterial and venous disease. His special interests include limb salvage and amputation prevention. He has published multiple articles and has been involved in numerous clinical trials to help progress the field of endovascular therapy.

Dr. Golzar attended medical school at the University of Arkansas and received his MD in 1999. He completed his internship and residency at East Carolina University in Greenville, North Carolina. He continued at East Carolina University for his Cardiology fellowship. Dr. Golzar completed his interventional cardiology fellowship at William Beaumont Hospital in Royal Oak, Michigan. He is board certified in internal medicine, cardiology and interventional cardiology.

Dr. Golzar founded the **Chicago EndoVascular Conference (CVC)** to address the specific educational needs of physicians and other health care professionals treating patients with peripheral arterial and venous disease.

Dr. Golzar's ultimate goal for CVC is to offer specialized education that will not only enhance clinician competence and performance but also improve patient outcomes.
