

# Shoot results from Big Horn Basin Muzzleloaders

September 12-13, 2009 by Mike Chapin president

Thanks go to Tom for a great place to shoot, Bill for putting together a great primitive event (20 stations for a total of 25 points), Terrisa Bader for holding down the fort on the registration and target scoring. Attendance was down this year, however, the people who showed up were there to have a good time. We really appreciated them coming and making the shoot a success.

The re-entry paper targets did well this year. There was a lot of competition between shooters. A lot of "Geez, you only beat me by one point. I can do better than that" was heard through out both days.

<b>Primitive Shoot Results</b>					
<b>Men</b>					
Bill Morrison	22				
Mark Brewster	19				
Tom Brewster	18				
Misfire	18				
Uncle Albert	17				
Mike May	16
