BREEDING - RACING THOROUGHBREDS

## SEPTEMBER 2018 NEWSLETTER

Hello Partners, Friends and Followers!

**All of our mares and foals** will start separating soon. Our St. Patrick's Day colt, Danny Boy, is 6-1/2 months and his mom is telling us it's time to wean! The foals have become pretty independent and each will be done as the mares give signs they have pretty much had enough.

**Our yearlings** will be in NJ next week. They will have time to get used to everyone and their new surroundings for a few weeks before beginning their daily lessons. We have no doubt they will do well as our kids are well-mannered!

**Make Reservations** and **Trickmeister** still loafing around enjoying their pampered lifestyle!

**Our Two-Year-Olds** have some news to report!

**Romancing the Cat** earned his gate card while working his first 5 furlongs! We will be looking at races soon to see where he will make his debut and see how he handles being a racehorse on the track.

**True Prosperity** has worked 2 furlongs from the gate. The trainer said her progress is great – words he does not use often!

**Our partnerships:**

**Romancing the Cat** is almost full and will close after his first race.

We still have shares left in **True Prosperity** and the loveable yearling, **Buddy's Peak'n**.

Bergen Stables will be starting another yearling partnership. There will be limited shares available and hope for people to get in early so they can be involved in naming them, getting to know them and being involved every step of the way! If you're interested, please do not hesitate to contact us with any questions or concerns.

Want to get involved in a partnership but feel you don't know enough? Just ask us! We didn't always know either!

Bergen Stables is offering some of our soon to be weanling foals for sale. We have colts by Palace and War Dancer and fillies by Jack Milton and Liaison. They are always available to see by appointment.

We welcome you to come visit with our horses in Colts Neck, NJ. They can never have too much attention!
