

To Our Valued Customers,

As we near the end of the calendar year we are all grateful to have made it through 2020 and look forward to 2021. All of our businesses have demonstrated the ability to proactively manage through the challenges of 2020 and ultimately position ourselves to move forward into 2021.

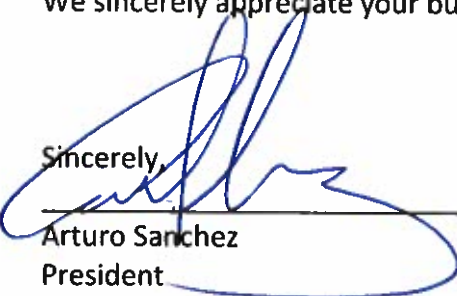

In line with our self-evaluation, and due primarily to the increased cost of drayage, it is necessary to implement a General Rate Increase (GRI) for each of the following line-item services:

<u>Service</u>	<u>New Rate</u>
Drayage – PEV to Omni in Dade County	\$ 500.00
Drayage – POM to Omni Dade County	\$ 475.00
Drayage – adt'l leg for empty return – as applicable	\$ 200.00
Chassis	Included
Overweight	Included
Congestion Fee	Included

The new rates will be effective on 01-01-21. Exceptions to this GRI will be communicated on a case-by-case basis.

We sincerely appreciate your business and look forward to our mutual success in 2021.

Sincerely,

Arturo Sanchez

President
