

19th Hole Golf Club Report

Carmichael Elks Golf Clubhouse

Greetings Lodge 2103 Members! The Carmichael Elks Golf is now opening up their activities like many others groups and businesses in California. We did have to cancel our April tournament schedule and was looking forward to initiate playing anew on May 18th at Diamond Oaks Golf Course when we awoke up to dark clouds and falling rain. A notice went out by Tournament Chair **Jim Toner** to cancel play. Some intrepid players on the way to the course missed that notice and by the time they reached the course, the sun had reappeared. A few members ignored the wetness and went on to fit in 18 holes with no further rain. The course had set up the play with many social distance and safety rules that not only helped protect all players but actually enabled a comfortable and quick day of golf. So, we are now navigating the upcoming months in anticipation of sunshine and fair weather while being cognizant of common sense safety precautions.

The tournaments scheduled for June include Mather Golf Course on June 8th, Bartley Cavanaugh on June 15th and Ancil Hoffman on June 22nd. Our monthly meetings are normally held on the first Thursday of the month at 7:00 p.m. at the Lodge. We will be awaiting notice from the Lodge on when they will be officially opening to determine when we will be able to meet again. Any member or associate member of Elks Lodge 2103 is eligible to join the Golf Club and can join any time during the year. Those interested in joining the Golf Club can contact any member of the Golf Club Board or check the club's web page (www.carmichaelelks2103.org). If you play golf, or haven't played for a while and would like to play again, come and check out our golf club. Play a round or two of golf with us, we would love to have you join us!
