DANLAND

DANLAND IS AT THE 4000' ELEVATION LEVEL, UP THE MINERAL KING ROAD, IN SEQUOIA NATIONAL PARK. IT OFFERS VIEWS DEVOID OF CIVILIZATION AND FEELINGS OF SWEET ISOLATION.

THE CLIMBING IS MAX TRAD WITH CHIMNEYS, OFFWIDTHS, ROOFS, AND OVERHANGING FINGER AND HAND CRACKS. THE ROCK IS FOR THE MOST PART HIGH QUALITY SIERRA GRANITE.

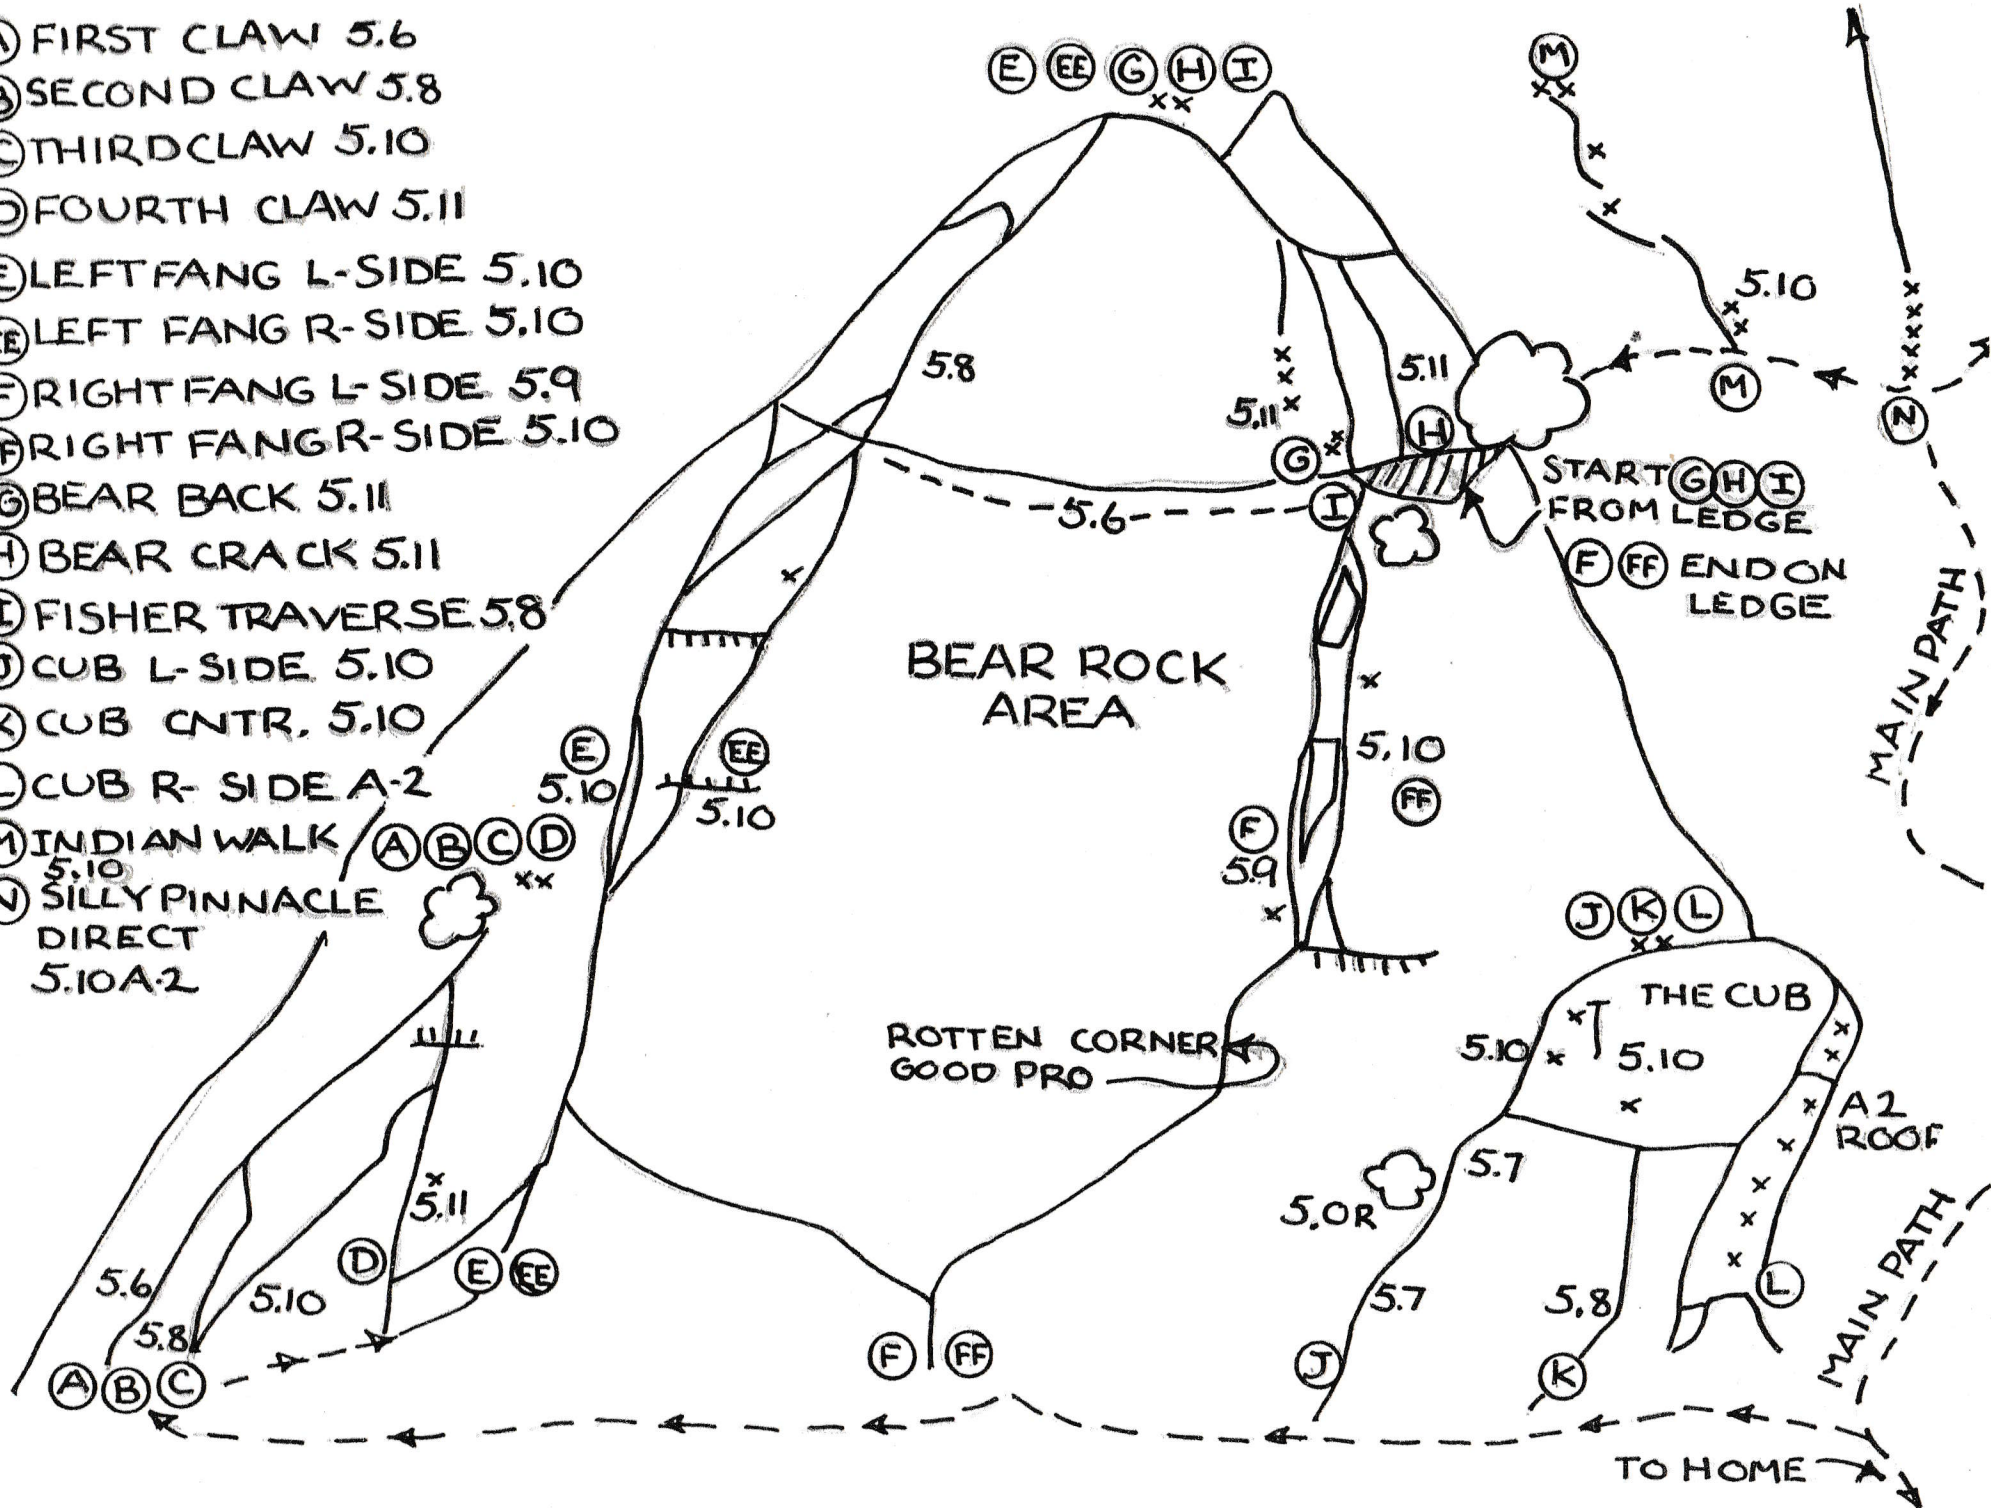

DAN DELLINGES, THE PIONEER OF DANLAND, HAS HAND DRILLED EVERY BOLT PLACEMENT, WITH A CONCERN FOR SAFETY AND ROPE MANAGEMENT. HE HAS ALSO BEEN INVOLVED WITH EVERY FIRST AND FIRST FREE ASCENT, AN EPIC UNDERTAKING. OTHERS WHO HAVE HELPED DAN, INCLUDE LARRY ZULIM AND MATT MERRITT. PLEASE RESPECT THE BEARS AND OTHER CREATURES THAT INHABIT OUR SHARED PLAYGROUND.
