

OCTOBER NEWSLETTER 2024

GROW. EXPLORE. DISCOVER.

Character Trait of the Month is CREATIVE

There are so many characteristics of being Creative, from curious and playful to intuitive and ambitious. This month we will discuss what it means to be creative and how broad this trait really is. And of course, what could be more fun than actually being able to create fun art, costumes, games and more. Families, please encourage your children to be creative at home, as a family, come up with a new game or using art materials make something from your Childs imagination.
