

Amenities

We sleep up to six people in our private guest house. There are two bedrooms, each with a queen size bed and we offer two twin size beds in a non-private area. One full size bathroom. Kitchen has stove, refrigerator, microwave, coffee maker and toaster. We have plenty of baking ware, dishware and utensils for eating and cooking/barbecuing.

Linens and towels are provided. We do not provide any personal items such as soap or shampoo.

There is a BBQ grill at the guest house. Don't forget to bring your own charcoal.

We have a brand-new outdoor fire-pit area (Spring 2018). Please remember your lawn chairs.

We do allow pets. We usually find that people that travel with their pets have pets that are very well trained. However, even the best trained animals can be "animals" when left alone. We appreciate you kenneling your pets if you have to leave them at the guest house alone. If you do not own a kennel, please let us know before arriving and we will provide one for your use. Please do not allow your pets on the furniture or beds. Please be mindful of others who do not appreciate animal hair where they sit or lay.

We look forward to having you stay with us and we hope you make yourselves at home. We recently have added central heating and air to our home, enjoy the comfort!
