

Ez UnderHood

4700 SERIES

Ez UnderHood

UNDER HOOD METAL COATING

Archemya's **Ez UnderHood 4700 Series** is a specialty coating formulated to adhere to e-coat, primers and colors. This is a direct metal coating that matches the color and gloss of the original primer and e-coat. When needed, **Archemya's Ez UnderHood 4700 Series** can be painted after curing. It is the easiest way to touch-up the engine compartments, support rails, trunk area and under the hood.

- ◆ EXCELLENT COVERAGE AND COLOR-MATCH IN 2-3 COATS
