

Phillip Marley

Date of Hire: July 2018

Phillip Marley covers the Oklahoma and Arkansas territory for our company. Phillip comes to our company with a well-established reputation as a factory representative, working with the Giesecke Company for 17 years. As their territory manager, his achievements were recognized by sales increases in all categories and cost and efficiency savings by factories and customers. Phillip is also an avid hunter and fisherman. With Phillip's addition to our sales force we will increase our frequency of dealer calls in the territory, increasing sales potential for TBA and the factories we represent.
