PARTNER WITH A MU ALPHA THETA CHAPTER:

There may be a local Mu Alpha Theta chapter that can collaborate with your chapter on Pi Day activities, study sessions, field trips, and much more. Some Mu Alpha Theta chapters host "Mini Mu" competitions, where they organize a math competition for middle schoolers.

Is Your Chapter Incredible?

Does your chapter host an awesome Pi Day event? Do your members tutor other students? We want to hear about it. Send us pictures of your activities and a short story and we'll feature your chapter on our social media, website, and in our newsletter!
