

September 2022

Dear Friends,

I have often wondered why the Lord has asked Marlene and I to minister here in the USA instead of other countries. Now as I see the great need we have in our country I understand why. I think we are in the most critical time our country has ever faced in its history. I could never have imagined the amount of evil that has saturated this country and is causing us to face terrible consequences.

As I see transgender options being taught to 1st grade public school students around the country. I see so much gender confusion, that even highly educated people cannot define a woman. It makes me wonder how we can survive this much wickedness. Yet, I know there is hope in God and His people. I am praying for revival and awakening in the church and judgment upon the wicked who are in places of power and influence in our country.

Ministering to Denver Police Officers

Maybe America has become one of the neediest mission fields in the world. As we continue to minister to the police, God is using us to spread the gospel. A high-ranking officer who is a lesbian was at a recent lunch outreach we had and heard a clear presentation of the gospel. Most of the officers who come are not believers and we have the privilege to show them God's love and show them how to be saved.

Marlene and I witness to people on the streets almost every week. We have shared the gospel with the homeless, hippies and people in the occult and false religions. We have ministered to the wealthy and to the poor. There are many Jewish people we witness to on a regular basis who live in our city. As I see how few people in our country know Jesus, I recognize that this is the mission field God has called us to. I believe that in the years to come millions of Americans will turn to the Lord.

The most receptive people we witness to are young people. I share the gospel almost every day with people I come into contact with. I recently was witnessing to a waitress at a restaurant, and she began to cry as I shared the gospel and the love of Jesus with her. Jesus said, "But you will receive power when the Holy Spirit comes on you, and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." Acts 1:8 We lead four Bible studies every week and are discipling people.

Thank you for your prayers and support as we serve as missionaries here in America. God bless you in every way as you follow Jesus.

Sincerely,

Randy Green
