#### AUCTIONEER NOTES:

The Bayless Family has been huge supporters of the Tennessee State 4-H Junior program for many many years. There have been numerous animals that have come from this herd that have done very well in the show ring and there are 12 September calves to choose from. On the production side they have animals that rank well on PTT list. There is something for everyone. If you need a family cow that is broke to lead, there will be one to suit you. As for the equipment, some of the equipment is just like brand new. Visit our web page [www.traditionauctions.com](http://www.traditionauctions.com) for pictures. As a added plus, Tradition Auction will pay trucking on the first three hundred miles for full pot loads of cows or heifers or combination of both.
