JOEL 3:2

Oslo Accords started in 1993 and was to have had a 7-Year incremental time sequence of progress and implementation. From 1993, there has been now a triple 7 or 777 pattern that culminates in 2014.

1993 + 7 = 2000 + 7 = 2007 + 7 = 2014

This chart illustrates how the Solar System will configure during the 1st Blood Moon of the Tetrad on April 15, 2014. It appears that the Blood Moon will have a noticeable planetary alignments. The chart also illustrates several of the current comets within the Inner Solar System that will approach perihelion. The comets seem to depict the missiles Israel is often bombarded with and perhaps will again? The lunar eclipse will occur in Virgo, near the star of Spica (wheat). During this time some amazing correspondences occur. Mars will be in retrograde and will start to proceed on around April 20, the day that coincides with the last day of the Passover sequence of associated Feasts of First Fruits. The Blood Moon lunar eclipse also approximates the phi ratio 'golden section' of time from the Equinox of March 20 to the April 29 Annular Solar Eclipse. Exactly 7 days later from First-Fruits, on April 29 is the Annular Solar Eclipse. May 1 comes 9 days later and is Beltane Day in the occult and a high holy day for the Luciferians. April 29 is exactly 9 MONTHS from the July 29 John Kerry announcement of the 'Failure is not an option' peace timetable. As July 29 has 153 days left in the year, this in geometric and mathematical terms is associated with the Vesica Pisces. This depiction is that of a 'birthing' canal and befitting of how the Luciferians tie their timetable to a '9-Month' peace initiative, on the eve of May-Day, one of the most evil and Satanic days of the year. Will such heavenly signs and events signal the 'birthing' of the Palestinian State based on the Oslo Accords that stipulates the partitioning of the Biblical Land of Israel— which is exactly 9-Months apart? Will instead of this or despite it, 'Sudden Destruction' come upon such parties involved if the land is partitioned? Does Mars single an eventual 'birthing' of a major War effort in Israel during the Tetrad as it was around the times of the 1949-50 and 1967-68 Tetrads? Of note, one of the comet's name is ENCKE, this is a variation of the name ENKI, the 'lord of the sea'... as in Neptune, Poseidon, the King of Atlantis, etc. Do all these comets converging at the apparent same time possibly signal that this 'lord' or Beast is about to come back up from the metaphorical 'sea' as the Bible predicts in the End Times it will occur? (Revelation 13:1) The July 31, 2013 Kerry Peace timetable will almost be 1 year to the 'birthing' of Mars from Virgo on July 13, 2014. The timing of this 'birthing' of this War Planet is within half of a Lunar Moon Cycle of 27.3 days (13 days).
