

# **PLB-AC Series**

### HIGH EFFICIENCY LED BOLLARD

Project:	
Type:	Quantity:

The PLB-AC Series high efficiency LED bollard is ideal for pathway, egress and public space lighting applications. The stylish, contemporary design makes it a perfect fit for any new construction, renovation, or retro-fit project that requires exceptional, full cutoff lighting performance with maximum energy savings.

Utilizing high performance LED technology and optics, the PLB-AC Series offers significant benefits:

- High efficacy and ultra-low power consumption
- Asymmetrical and symmetrical light distributions
- Full cutoff optical performance
- Maintenance free with no bulbs or ballasts to change
- Robust, vandal resistant design
- Available in Amber Turtle option

PLB-AC is part of the PLB series LED bollard family and is a compliment to the solar powered PLB version. The PLB-AC is a great solution for areas where wired power exists or site conditions don't allow for a solar powered bollard (i.e. the shaded side of a building, or under dense tree cover).

### TECHNICAL SPECIFICATIONS

# LEDs & Optics:

- High output Cree LEDs
- Warm (3000K), neutral (4500K) color temperatures available
- High efficiency Type 3, 4, and 5 optical distributions
- All distributions full cutoff
- CRI > 70
- L70 lumen maintenance > 115.000 hours
- 950 lumens (at 4500K with 700mA driver)
- Available in Amber Turtle option

#### Mechanical Construction:

- Cast, low copper aluminum housing
- Extruded, low copper aluminum post
- High strength mounting base
- Stainless fasteners with security fastener option
- Architectural grade, super durable, TGIC powder coat finish
- Four standard colors with custom colors available

#### Driver:

- 10W power consumption
- >0.98 power factor at full load
- 110 ~ 277 VAC, 47 ~ 63Hz input range
- OCP, SCP, OVP protection, auto recovery
- AC Phase trailing-edge dimming compatible
- >100,000 hour MTBF

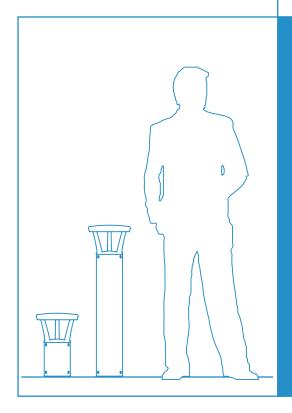

# Warranty & Certification:

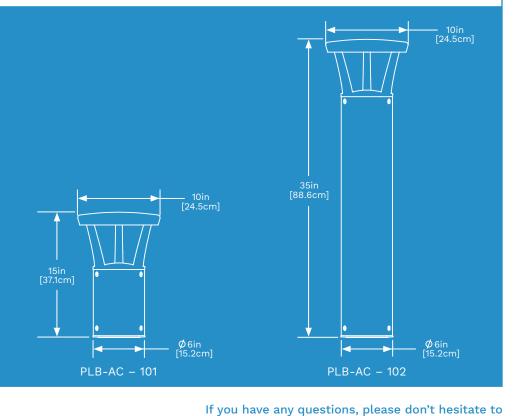

- 5 year limited warranty
- CSA C22.2 No. 250.0-08 ANSI/ UL Standard 1598
- ANSI/ UL Standard 8750
- CSA C22.2 No. 250.13-14
- LED Lighting Facts Verification Tested
- DLC listed
