

NEW!

MASTICATOR SWAP

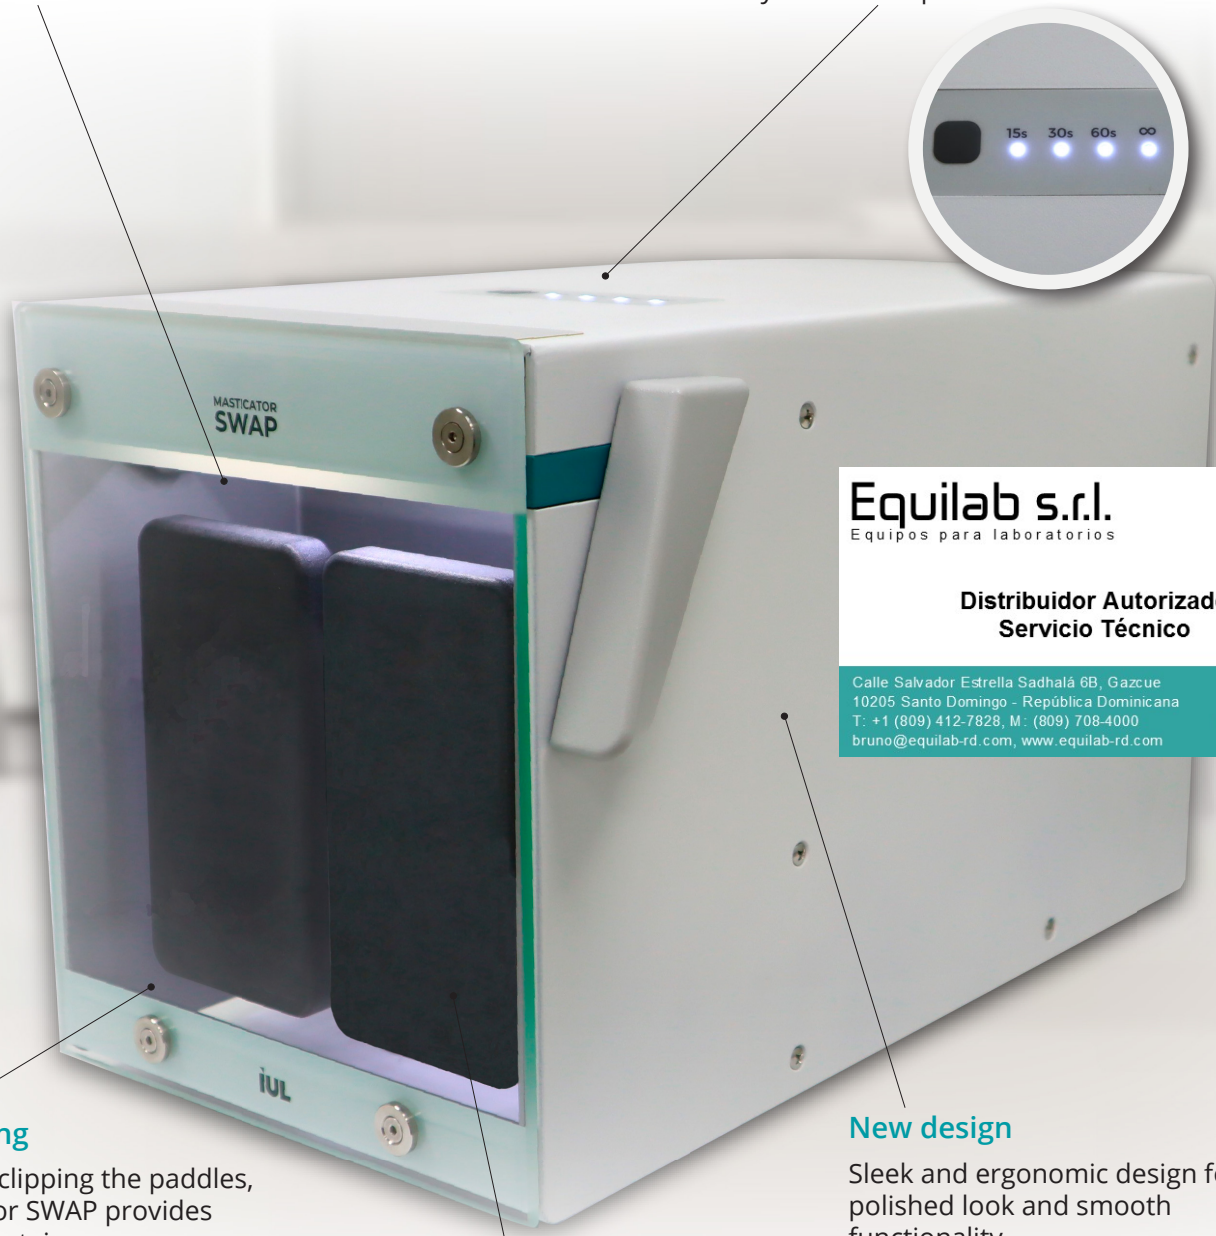

Paddle Blender

Luminous warning

Dim luminous warning appearing during and after cycle completion.

Integrated timer

Choose between 15, 30, 60 seconds or continuous homogenization with its keyboard on top.

Easy cleaning

By simply unclipping the paddles, the Masticator SWAP provides effortless maintenance.

Interchangeable paddles

Choose between paddles of different width for precise homogenization in every blend. SWAP and start again!

New design

Sleek and ergonomic design for a polished look and smooth functionality.
