

2018 MDOT Civil Engineer/Technician Internship Program

The Michigan Department of Transportation (MDOT) is pleased to announce an opportunity for current and former Civil Engineer/Technician Co-op students for summer 2018.

The MDOT Civil Engineer/Technician Internship Program offers current and former co-op students the opportunity to gain work experience, develop professional competence and long-range career goals, integrate work experiences with academic knowledge, and establish a professional network through being assigned a sponsor/mentor and rotating assignments throughout MDOT's Lansing and region offices.

Five students will be selected for the summer 2018 program.

In an on-the-job training capacity, you will have the opportunity to gain experience in:

- Bridge Management
- Design
- Construction
- Maintenance
- Traffic Operations
- Traffic Safety
- Surveying

Requirements:

Must be currently enrolled and studying in the engineering and technology fields of civil engineering, civil technology, or land surveying.

Must have successfully completed a minimum of two seasons (totaling at least six months) in the MDOT Civil Engineer/Technician Co-op Program.

Pay: \$19.54/hour - \$20.05/hour

If you have any questions about this program, please call Tammy Szydowski at 517-335-2491.
