

# Warranty Certificate & Terms

Actuator "item" system and parts passed an inspection process at GTE Engineering LLC. ("GTE") before being shipped out. In the unlikely event that you experience an issue after installation of the actuator to the vehicle due to fault attributable to GTE, contact in writing via email to GTE within 14 days following the receipt of the actuator info@gte-engineering.com. Such actuator may be repaired free of charge subject to the terms of this Warranty Certificate and Warranty Terms. This warranty is valid for a period of one (1) year from the date of service at GTE. Please present this Warranty Certificate when contacting GTE for warranty procedure. This Clutch Service and/or NEW Disc, Actuator F1, E-Gear, Selespeed "Item" service is subject to the provisions of this Warranty Certificate & Warranty Terms.

- Malfunctions occurring to item due to a fault attributable to GTE Engineering LLC ("GTE") during the warranty period under conditions of normal use in conformity with the Manufacturers Instruction Manual, will be repaired free of charge, up to the original service price paid by the customer to GTE. GTE - reserves the right to reject or decline the warranty, repair, calibration, and to do other services due to including but not limited to improper installation, improper calibration, discontinuation of production of parts. GTE is not responsible of any damage including but not limited to labor costs, transportation costs, fees, charges, loss or damage to equipment, tools, that is not related to the part GTE had serviced and not attributable to the fault of GTE. GTE reserves the right to change or discontinue to service to the actuator (s).
- In no event, regardless of cause, shall GTE be liable for any indirect, special, incidental, punitive or consequential damages of any kind including but not limited to loss of profit, loss of client, loss of reputation etc, whether arising under breach of contract, tort (including negligence), strict liability or otherwise, and whether based on this Warranty terms or otherwise.
- As the part (Actuator system) owner and/or secondary party that is involved in the part installation, acknowledge; that you have all proper tools and workshop manuals with all diagnostic tools as well "know how" to install the part we have serviced. You assume all liability of installation as well all damages related to the part we have serviced.
- Malfunctions that are determined by GTE to have occurred under one or more of the following conditions are considered to be outside the scope of warranty coverage, even if the event in question occurs during the warranty period:
  - Malfunctions or damage caused by repair, adjustment, accident or modification of the product by a company, organization, or individual not approved by GTE. or product manufacturer.
  - Improper installation of product & parts, including as described in the Instruction Manual by manufacturer of the serviced actuator.
  - Malfunctions or damage caused during transportation, dropping, packaging or other handling & shipping .
  - Opening, disassembling of the product (Actuator,
  - Mechanical alterations, changing the torque values of the actuator.
  - Failure to present this Warranty Certificate,
  - Malfunction or damage to the actuator or its fixtures occurred not due to the GTE Fault of GTE or where GTE is not deemed to be responsible.
