

# NEW ZONING ORDINANCE

The City has released its Revised  
Draft New Zoning Ordinance  
for public review and comment at  
**[www.GoletaZoning.com](http://www.GoletaZoning.com)**

## WHY IS THIS IMPORTANT TO ME?

Zoning helps define how properties are used,  
what new buildings look like, and how much  
development can occur in a community.  
It protects recreational areas and allows  
for open spaces in neighborhoods.

Attend workshops to learn more,  
give feedback and ask questions.  
All workshops will be held at City Hall  
(130 Cremona Drive, Suite B)
