RH PETERSON COMPANY | CONTEMPORARY ALTERNATIVES CATALOG

RH PETERSON co

Fyre Gems are designed so that your fireplace will glow and sparkle in a sea of vibrant, glistening flame. Their rounded and smooth surfaces reflect the fire providing a unique hearth experience. Each Fyre Gem is approximately 5/8" in diameter and is manufactured to withstand the extreme heat and temperature variations in the fireplace without melting or discoloring. Choose one, or several of our many available colors to customize your fireplace or outdoor fire pit.

NOTE: DUE TO THE MANUFACTURING PROCESS, THE COLOR VARIATION AND COLOR DENSITY WILL VARY AMONG THE FYRE GEMS.

Crushed Fyre Glass shines radiantly throughout your entire fireplace and creates a brilliant fire as flames reflect prismatically off the Fyre Glass' multi-faceted surfaces. It is fully tempered "toughened" glass - fire tested up to 1200°F by Peterson's certified laboratory. Fyre Glass is formulated to stay as radiant as the first day its installed and tolerate extreme temperatures without melting or discoloring. Choose one or several of our many available colors to customize your fireplace, or outdoor fire pit.

GEO SHAPES & RIVER ROCK

Geo Shapes and River Rock add a dramatic flare to even the most modern fireplace setting. Unique dimensions are created with architectural designs of the multiple Geo Shapes. Made of high-heat resistant ceramics, River Rock and Geo Shapes present a beautifully dramatic look when paired with Fyre Glass or Fyre Gems.

DIAMONDS (GEO-DT-4)

VENTED BURNERS EXCLUSIVELY FOR GLASS & GEMS

**G45-GL
VENTED BURNER**

The **G45-GL Burner** uses the Triple-T Burner system to provide front flame, adding depth to the flame appearance. A precisely designed perforated stainless steel Separator Screen is included:

- To disperse the flame evenly and quietly
- For correct and easy placement of sand or granules
- To support Fyre Gems and Fyre Glass placement

Sand or lava granules are included to quietly and evenly disperse flame.

Available in sizes:

16", 18/20", 24", 30", 36", 42", 48" and 60"

G45-GL shown

**G45-2-GL
VENTED BURNER**

The **G45-2-GL Burner** system is for use in see-thru fireplaces and in deep one-sided fireplaces. It provides three distinct burner pipes each about 6 inches away from each other. It also uses a Separator Screen for the same benefits as with the G45-GL.

Sand or lava granules are included to quietly and evenly disperse flame.

Available in sizes:

16", 18/20", 24", 30", 36", 42", 48" and 60"

**PB
VENTED BURNER**

The **PB Burner** allows flames to shine throughout the entire pan. Filled with sand or granules, it becomes the perfect base for Fyre Gems or Fyre Glass.

Sand or lava granules are included to quietly and evenly disperse flame.

Available in sizes:

16/18", 20", 24", 30", 36" and 42"

Ideal for see-thru fireplaces

All burners available in Natural or Propane Gas. Certain sizes available certified to ANSI standards.

**The Burner system
is the engine that
makes your Fyre
Gems or Fyre Glass
achieve the most
beautiful fire available**

NEW

G21 CONTEMPORARY VENT-FREE BURNER

**G21
VENT-FREE BURNER**

The **G21** all stainless steel burner provides the most contemporary fyre glass system.

- "-12" on/off remote compatible valve with standing pilot.
- Certified to ANSI standards.

Available in sizes:

18", 24", and 30"

Ideal for indoor and outdoor use.

The new **G21 Vent-Free Contemporary Alternatives burner** allows you to place Fyre Glass or Fyre Gems directly onto the burner. There's no need for sand or vermiculite when using this specifically engineered glass and gems system. It features all stainless steel construction, an on/off remote-ready valve system, easy access hidden controls, a reflective panel to make the flame look broader and deeper, sleek lines for a stylish modern look. *Also certified as a vented burner system.*

**G21-GL-30-12 (shown)
Stainless Steel Gas Burner**

MODELS AVAILABLE:

G21-GL-18-12 (18 inch)

G21-GL-24-12 (24 inch)

G21-GL-30-12 (30 inch)

G21 pictured with Gold Reflective Fyre Glass (GL-HR), Fireplace image has additional base of Clear Fyre Glass (GL-C)

Contemporary Alternative products combine efficient design features with a stylish, modern look to enhance your fireplace. While radiating heat and flame, they create an appearance different than a traditional gas log set – one which is captivating and spellbinding. These products are made by the R.H. Peterson Co., a company known for providing beauty and warmth in American fireplaces for over 60 years. Choose the right Contemporary Alternative Design look for you:

- As a vented alternative to traditional gas logs (in your wood burning fireplace)
- As a vent-free alternative to traditional vent-free gas logs (in approved fireplaces)
- To accessorize your existing vented or vent-free gas log set
- To accessorize your new contemporary alternative product
- For decoration on the sides and in front of any fireplace
- In your fireplace with candles, candelabra
- In your Outdoor Campfire pit or outdoor firepit
- They can be used in various applications, such as landscaping in your front yard, backyard, floral vases, aquariums, and more.

All Contemporary Alternative products share with traditional gas logs each of these wonderfully appealing features which include:

- **Clean-burning**
- **Safe**
- **Variable Flame Option**
- **Instant on-off**
- **Pollution-free**
- **Convenient**
- **Economical**

Cleanliness - Contemporary Alternatives are much cleaner to use and better for the environment than traditional wood burning

Convenience - No more cleaning the fireplace of ashes or hauling wood.

Remote Control Options - Whether it's electronic ignition, variable flame height, or an on/off remote, we have the right option for you.

Economical to Use - Inexpensive natural gas or propane is less per hour than burning wood.

Environmentally Friendly - Studies have shown that burning wood in your fireplace produces 1000 times more pollutants and 200 times more carbon monoxide than burning gas.

**PETERSON VENTED DECORATIVE GAS APPLIANCE
LIMITED WARRANTY**

All Peterson burner assemblies are **WARRANTED for TEN (10) YEARS**

All Peterson glass is **WARRANTED for FIVE (5) YEARS**

SPK-26 controls are covered by a **THREE (3) YEAR "All Parts" WARRANTY**
