****Clubs, officials and participants are required to follow state, local and facility guidelines that apply to the area and site where the AKC agility event is held.****

Spectators will not be allowed in the building. No ringside chairs will be allowed. We will have plenty of hand sanitizer for people to use.

Course maps will be posted with a dropbox link and emailed ASAP each morning of the trial. The maps will also be posted on site. You are encouraged to take a picture if you can. Bring your own pens or pencils.

REGULAR	PREFERRED	HEIGHT AT WITHERS
Handlers may opt to run their dog in a higher height division.	Handlers must run their dog in their proper eligible height.	Owners are responsible for entering their dog in the proper height division.
8"	4"	For dogs 11 inches and under at the withers
12"	8"	For dogs 14 inches and under at the withers
16"	12"	For dogs 18 inches and under at the withers
20"	16"	For dogs 22 inches and under at the withers
24"	20"	For dogs over 22 inches at the withers
24C	N/A	Dogs may be entered at this height at their owner's discretion if their measurement is 22 inches and under at the withers.

Measuring & Height Card Information

All agility dogs are required to have an Official Jump Height Card/Valid yellow form and exhibitors must be able to present it prior to running their dog(s) in any class or at any time during the trial upon request whether or not they have sent a copy of such with their entry. Dogs without a valid Jump Height Card/Form may still compete; but they must be measured/wicketed by the Judge of Record PRIOR to running in their class and this measurement will be valid for that weekend of trials only. The exception to this requirement is a dog entered in the 24" height division. However, if a Volunteer Measuring Official (VMO) or an Agility Field Rep is present; ALL dogs without a valid Jump Height Card/Form must be measured at some time during the trial or cluster of trials. This does not preclude having the dog wicketed by the Judge of Record if the VMO or Rep is not available to measure the dog before its first run of the trial or cluster of trials. It is the exhibitor's responsibility to have their dog measured prior to running and failure to do so will result in the cancellation of any qualifying scores.

FIX AND GO ON WILL BE ALLOWED

Chapter 5, Section 8. Fix and Go On. At any time during a run the handler may immediately fix a single obstacle one time. The action shall be judged as an elimination, which shall be marked as an "E" on the scribe sheet, resulting in a non-qualifying score (NQ). The handler may go back a few obstacles prior to the fix. If a jump bar (bar jump or single bar jump) is knocked, the handler may reset it, but the reset is limited to one jump bar. The dog may not be verbally or physically corrected for the error. Weave poles may be immediately re-attempted three times, but if the dog is brought back to obstacles prior to the weave poles, it will be considered the one time Fix and Go On attempt. Once handlers have used the one-time Fix and Go On option, they must immediately finish the course or exit the ring. The judge shall not judge the dog's run after the fix but will continue to watch the run to ensure that the handler is going on to complete the course correctly, is not using harsh commands or corrections and that the run is being done safely. The judge will immediately whistle to excuse the team from the ring for any of these infractions.
