Kitsap Harvest

A 5210 KITSAP PROJECT

September is Hunger Action Month™, when Feeding America and member food banks ask everyone in America to take action to fight hunger in their community, all month long. Hunger Action Month is your opportunity to join a movement that has a real and lasting impact on our effort to feed more Americans than ever before. Whether it's by advocating and raising awareness, making donations, or volunteering, you can find the way that's right for you to make a difference during Hunger Action Month.

Together, we can solve hunger.

Kitsap Harvest Impact Statement

To create a sustainable and community-based system of moving local produce to food banks in order to reduce food waste and alleviate food

Volunteers Needed

We need volunteers to harvest in the fields, donate their resources, and to become area leaders for North, Central, and South Kitsap. We also need farmers willing to donate their land, time, and produce.
