

HELP THE GREEN INDUSTRY COUNCIL IN 2016!

Last year the NC Green Industry Council has had a very successful legislative year advocating on behalf of you and all green industry professionals.

But that successful advocacy has been financially taxing for the GIC. We have been challenged to accomplish as much as we have with fewer sponsorship dollars and PAC contributions. Our successes have depleted GIC resources. Although the General Assembly just started the short session, we have been working all year with legislators and their committee members on green industry issues like the Tax on Services. But to continue effectively advocating on your behalf, we desperately need to build our resources. Below are two options for you to help us – the first is the sponsorship option. **This tax-deductible contribution can be made with a company check or credit card.**

The second way to participate is through our PAC fund (this is greatly needed to fund our legislative focus for 2016). **Your PAC contribution will need to be made by PERSONAL CHECK OR PERSONAL CREDIT CARD.** We need you to make a contribution of \$100.00 or more to the PAC fund ... With the Tax on Services and other challenging legislation already being discussed, we need to be ready to stand up for you.

Thank you for helping us, help you!

Sponsorship Options (please check contribution option)

- Keep the Green Moving \$150.00
Green Circle Sustainer \$300.00 *
Green Advocate Sponsor \$1,200.00 *
Visionary Sponsor \$3,000.00 *
