As we look forward to a great 2015 year in the cattle industry, we would like to welcome you to our Production Sale. This year's sale will offer the best lineup of quality bulls and females. You will find genetics that not only rank in the upper percentiles of the Angus breed but also excel in traits like longevity, structural soundness and fleshing ease. Bulls are sired by leading Angus A.I. sires. You will want to be sure to check out the RV Exar sons.

This set of RV Bar Angus Bulls are as stout, deep ribbed and heavy muscled as you will find anywhere in the cattle industry. We are offering calving ease bulls with growth and carcass numbers, as well as bulls with scale busting performance and feedlot gain ability. Bulls have been developed in a sensible way to maintain soundness and fertility.

The females offered represent the genetics of our herd and would stay if we had range enough to run them. These young cows will be an asset to any cattle operation.

Come preview the cattle and visit with us to see if we can be of benefit to your program.

RV Bar Angus

"Gene Brown Ranches has used RV Bar Angus bulls since 2007. We have been delighted with our results.

Our weaning weights have increased at least 100 lbs over the last 8 years; we consider RV bulls to be a major contributing factor. We run in a very high, rough country and the RV bulls have held up very well. The same buyers have purchased our calves the last three years and have been very pleased with them.

The Vincent's genetics and feeding programs are second to none. They have been wonderful to work with over the years, going out of their way to be fair. They are good people with a great program. Most importantly we consider them to be friends."

**-Craig Kosoff, Gene Brown Ranches**

"Over the years, I have continued purchasing approximately one third of my 10-11 head bull inventory from Vincents. I have also purchased several females over the years. All have contributed to the improvement of my herd, and contributed to the increased weaning weights at delivery time of my calves."

**-Don Fitzgerald, Roosevelt, Utah.**

Welcome to the 8th Annual RV Bar Bull and Female Sale! It is always a pleasure to work with the Vincent family in representing this great set of cattle for your consideration. The herd sire prospects are high-performing cattle with outstanding performance that are summered at high elevation. All bulls will be semen, Trich and PAP tested and this information will be readily available for your use. The bulls at RV Bar Angus are backed by AI sires and the most popular families across the breed; these bulls will be most effective for both seed stock and commercial cattle operations.

You will also find a great set of females in this year's sale. For information on the females please visit the RV Bar website at [www.rvbarangus.com](http://www.rvbarangus.com) or call Randan for this information at (435) 828-1116 or Jake Wilkins (435) 828-8391. There will be a sheet of information about these females available on sale day.

These cattle are from hardworking, time tested genetics and they are guaranteed in every way to please their new owners. If we can help in any way, please feel free to contact the American Angus Hall of Fame or RV Bar Angus. We look forward to seeing you on February 28, 2015 in Jensen, Utah.

Sincerely,

Tom Burke
