**2101 NW 117th Avenue, Room 103**

**Miami, FL 33172**

*The NASW Miami-Dade Unit is pleased to announce the start of a brand new creative initiative aimed at supporting social workers in our county. This initiative involves the facilitation of a monthly Social Worker's Peer Support Group. Developing leadership requires growing and learning from each other and achieving excellence in our field while creating social welfare through high impact work that advances social good.*

*Since this event will be our very first session, we would like to obtain feedback from our members on this new initiative. We will be developing and forwarding everyone a survey in the upcoming week.*

**Light refreshments will be served and registration is free!**
