We want to help you choose the Blue Medicare Supplement plan that includes the benefits that are most important to you.

All of our Blue Medicare Supplement plans are attained-age rated

Our rates increase due to age when you move from one age band to the next. Rates may also be adjusted for medical inflation or overall claims experience.

Any change in rate will be preceded by a 30-day notice and is guaranteed for 12 months. Rates are subject to change June 1 of each year, but members will not be singled out for premium increases based on their individual health.

Attained-age plans should be compared to entry-age plans (also known as issue-age plans). Premiums for entry-age plans do not increase due to age.

Limitations & Exclusions

Like most health plans, Blue Medicare Supplement plans have some limitations and exclusions. For example, BCBSNC does not provide benefits for services, supplies, or charges that are: not Medicare eligible expenses under the Medicare program unless otherwise noted; incurred prior to the effective date of coverage, including any expenses when a subscriber is an inpatient on the effective date of coverage; payable under Medicare.

This brochure contains a summary of benefits only describing our policies' most important features. It is not an insurance policy. The Blue Medicare Supplement policy is the insurance contract. If there is any difference between this brochure and the policy, the provisions of the policy will control. Neither Blue Cross and Blue Shield of North Carolina nor its agents are affiliated with Medicare or endorsed by the United States government.

Once members enroll in a plan, they will receive a policy and outline of coverage that will contain detailed information about plan benefits, exclusions and limitations. Members will be notified 30 days in advance of any change in coverage, which is guaranteed for 12 months.

CAUTION: POLICY BENEFITS ARE LIMITED TO THOSE APPROVED BY MEDICARE FOR PAYMENT.

Monthly premiums (rates) are effective through May 31, 2017 for Plans A-N.

This coverage is guaranteed renewable and may not be canceled or non-renewed for any reason other than failure to pay premiums or misstatements in or omissions of information from your application.

* The Blue Medicare Supplement policy is an insurance contract. These policies may not fully cover all of your medical costs. These policies contain provisions that limit benefits to those approved for payment by Medicare.

Blue Medicare SupplementSM

1 Covering the gaps left by Medicare

Medicare covers many health care services and certain prescription drugs, but it doesn't pay for all of your costs, such as copayments, coinsurance and deductibles. These "coverage gaps" could leave you paying up to 20 percent of your health related expenses. A Blue Medicare SupplementSM plan can give you additional coverage for Medicare deductibles and coinsurance for services like: hospital stays, skilled nursing facilities, physician services, diagnostic tests, and medical and surgical services and supplies. You'll also be covered for Medicare-eligible costs not covered by Medicare.*

2 Guaranteed acceptance for coverage

Enrollment is simple. And, you can't be denied for Blue Medicare Supplement coverage if you: A) Are age 65 or older and eligible for Medicare or under age 65 and are eligible for Medicare by reason of disability (Plans A, and C); B) enroll within six months of enrolling in Medicare Part B; C) are not covered by Medicaid; and D) are a North Carolina resident.

3 Avoid waiting periods for pre-existing conditions

If you enroll within 30 days following your 65th birthday, or if you have six months of continuous prior coverage, the 6-month waiting period for pre-existing conditions will be waived. Pre-existing conditions are conditions for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage. If you wait until after the deadline to enroll, you may have a waiting period for pre-existing conditions and may have to complete a medical questionnaire.
