Building Great Client Partnerships!

Tucker Industrial Solutions is designed to be the premier service provider to operate as a high volume, low cost service provider that can easily partner with the corporate servicing community and help them to administer “best practice” service ideals.

With these fundamentals in place, we strive to be the provider of choice and deliver cost cutting service solutions in a manner that benefits all parties involved.

We have partnered with some of the best distributors, suppliers and service providers in the business. No matter what industry you are in, there will always be a need for electronics & electrical service solutions!
