## THE BUILDING OF THE BRIDE OF CHRIST - CHURCH AGE COMPLETION

The purpose of this illustration is to correlate several layers of prophetic nuances from the pattern of YHVH's Holy Sanctuaries to include the Tabernacle of Moses, the Great Pyramid as referenced in Isaiah 19 as the Altar of YHVH, Solomon's Temple and the Body of Christ that this study suggests could provide a prophetic template for the Building of the Bride. The title is a double entendre in that Jesus promised to build His Bride and that the Bride is a Building currently being constructed that this study suggests is about to be completed prophetically. These sacred patterns of Temple blueprints will be the templates used and examined to suggest that the primary culmination of the Church Age is veiled in sacred geometry and phi ratio proportions. What this study seeks to correlate is an attempt to synchronize all these Holy Sanctuary Temple templates and deduce a possible inference to just how close the timing is for the Building of the Bride is to be completed. The Apostles taught that Jesus Christ went to Heaven to build His Beloved mansions in His Father's House and that one day they would be completed and would return. As Jesus Himself would oversee this construction project, in tandem Jesus sent the Holy Spirit on Pentecost to those 120 assembled in the Temple to empower them to begin the Royal Commission to construct the Body of Christ on Earth.

The supposition of the Building of the Bride is based on several Biblical utterances from Jesus Christ, there are spiritual clues as to the makeup and perhaps the timing of when this Building is to be completed. This building is special, alive in that the Building of the Bride is being constructed with Living Stones. The point is that one day this construction project will be completed according to Ephesian 2:20, 1 Peter 4 and John 14:3; on Earth as it is in Heaven because the Building of the Bride is being mirrored in its construction at the very courts and Temple of YHVH in Glory.

Jesus had instructed Peter that upon the confession of similar revelation that Jesus is the Messiah, the GOD the SON, that in turn Jesus through the working of the Holy Spirit would build His Holy Church on Earth with such a confession of faith.

 7 days x 7 Churches = 49 prophetic years  
 1 Great Jubilee Year

### SOME CALCULATIONS

481 Feet Radius x 2  
 = 962 ft. Diameter  
 962 ft. Diameter x Pi (3.14...)  
 = 3022 ft. Circumference  
 360 x 7 = 2520  
 2520 / 2 = 1260

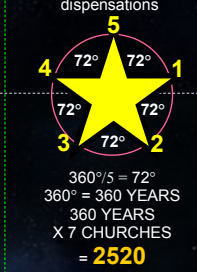

If the templates are made to approximate the convergence to the 'Season', then what is also astonishing is that there is also a Rapture pattern associated to them. Perhaps as the start of the Building of the Bride construction started with the Rapture of the LORD, so too it will the Church Age end with a Rapture.

Squaring the Circle Building Block or Square material

Is the Jewish year of 5776 the year that the Rapture of the Building of the Bride is announcing is to take place? Will there be a 1260 or 3.5 year interval countdown to the final completion of the Church Age at a Pentecost?

72 / 24hrs = 3 days  
 3 days x 4 = 12  
 12 x 7 periods = 84

### THE MIDNIGHT CALL

### 7 CHURCH AGE CLOCK

The pattern is that of the Precession of the Equinox where 1 degree is attained every 72 years.  
 360 x 72 = 25,920 years  
 the 72 coefficient x 5 = 360 circle  
 360/12 hours = 30 day months  
 If 360/3 days = 120 years  
 then the year 5776 is the end prophetically of the Clock, then the last 120 years corresponds to the midnight hour when the Groom calls for the Bride as a 'Thief in the Night'.

360 Circle / 7 Church Ages = 51.428° (Angle of Great Pyramid)

The last finishing touches of the Spiritual Temple made of Living Stones are being set, perhaps the very capstone that is pointing and culminates in the prophetic year of converging timelines and celestial signs. If the prophetic 360 degree clock is divided into 3 days or a 3 sided pyramid, it equals 3 sections of 120 degrees. These are the codes of the Jubilee that coincidentally the year 5776 will culminate in the Jubilee year if the calculations are accurate since 1917 and 1966. Thus this would mean again that the 5776 year would correspond to the beginning of many convergences of the Last Day, the 3<sup>rd</sup> prophetic day that the LORD promised He would raise this Body, perhaps even His Bride at such a time a prelude to its countdown.
