

INVITATION TO BID

DATE: June 5, 2019

BID NUMBER: CHA190625CYCLE

Bids for furnishing all services required for the work known as CYCLE PAINTING located in Columbia, South Carolina, will be received until 2:30 P.M., local time on June 25, 2019 at the office of the Housing Authority located at 1917 Harden Street, Columbia, SC. At that time and place, all bids received will be publicly opened and read aloud. At the time of Award all documents submitted will become a matter of public record and subject to all laws pertaining thereto.

A site visit will be held on June 18, 2019 @ 9:00 am. Mr. Marvin Smith will meet contractors at 1915 Harden Street to conduct this site visit. The Columbia Housing Authority (CHA) strongly recommends attendance at this site visit but does not require it.

The work consists of providing labor, materials, tools, equipment, permits, taxes, insurance and services necessary to perform all operations necessary to paint occupied residential units on an as needed basis to conform to the Columbia Housing Authority's acceptable standards.

Contractors may obtain bid documents by downloading them at www.chasc.org – click “Bids”. Contractors submitting bids must at a minimum possess and disclose a City of Columbia Business License and have insurance in the amount of General Liability - \$1,000,000.00, Auto - \$500,000.00 and Workmen's Compensation – as required by SC State Law.

The Columbia Housing Authority reserves the right to reject any or all bids and to waive minor technicalities and irregularities in the bidding process. Bids over \$100,000.00 **MUST** be awarded by the Columbia Housing Authority Board of Commissioners. No other party has the authority to commit the Board to make an award. Award will be made to the lowest, most responsive and responsible bidder.

The Instructions to Offerors Non-Construction (HUD-5369-B), Certifications and Representations of Offerors Non-Construction Contract (HUD-5369-C) and General Contract Conditions Non-Construction (HUD-5370-C) require careful reading and also require the bidder to complete certain clauses or insert certain information. Bidders must return these forms in addition to the Bid Forms, the Non-Collusive Statement, proof of required insurance coverage, Certificate of Section 3 and MBE Compliance, and **three** (3) commercial reference accounts where work of a **similar nature** has been done. Forms may be obtained at www.chasc.org. Failure to read these documents and complete them as required may result in the outright rejection of such incomplete bids.

The Columbia Housing Authority encourages minority owned businesses to participate in its continuous purchasing of goods and services. For further information call Cindy Godbey, Director of Procurement and Contract Administration @ (803) 254-3886, Ext. 234.

SPECIFICATIONS

1. GENERAL

1-A SCOPE OF WORK

Provide all labor, material, tools, equipment, permits, taxes, insurance, and services to perform all operations to complete the painting of the interiors of the **occupied** units as stipulated within these specifications. Provide certification of compliance as required by any applicable laws set forth by federal, State (including the State Commission of Residential Builders, County, and City governments).

1-B QUANTITY

During the contract period, the contractor will perform the painting of units identified by CHA. The actual amount of work to be assigned cannot be accurately predicted. Therefore, the estimated value of this contract is just that - **AN ESTIMATE ONLY**. Contractor must have the resources to perform the scope of work listed in several apartments at one time.

1-C TIME OF PERFORMANCE

The Contractor shall have five days to paint and clean the unit from the time of notification. All work to include punch list items shall be completed **not later than 9:00 a.m. on the morning of the sixth calendar day after notification of unit availability**.

1-D TERM OF CONTRACT

The initial term of the contract shall be for 365 calendar days, with the option by the Authority to renew the contract annually for two additional one year terms at the price stipulated on the bid tabulation sheet.

1-E LIQUIDATED DAMAGES

If the contractor fails to complete the tasks listed in an **ACCEPTABLE** manner within the above prescribed period listed in 1-C liquidated damages shall accrue beginning on the day following the end of the prescribed period at the daily rate of \$100.00 and shall continue until the unit is accepted. If the contractor incurs liquidated damages more than two times in the contract term CHA reserves the right to terminate the contract.

1-F CONTRACTOR WORK PROCEDURES

The contractor will proceed in a workmanlike manner, maintaining a clean and safe working environment. After completion of work, Contractor shall remove all rubbish, debris, material and containers, clean all surfaces stained, spotted, over sprayed or otherwise damaged and leave unit, interior and exterior, in a clean, orderly and acceptable condition for inspection and approval. All floors, woodwork, glass, metal, smoke detectors, wall plates, hardware and other surfaces which cannot be cleaned of all excess paint, spots, stains, or other damages caused by the work performed under this section, shall be repaired or replaced by the Contractor at no cost to CHA. The contractor shall replace all covers/plates and fixtures that have been removed.

1-G CONTRACTORS QUALIFICATIONS:

- 1 Bidder must possess a valid SC Non-structural Specialty license.
- 2 Bidder must provide a minimum of THREE REFERENCE ACCOUNTS where work of a similar nature, scope, **dollar value** and complexity has been performed

1-H WARNING

Contractor is hereby advised of possible existence of lead-based paint and dust hazards in some units of the CHA. Sanding of surfaces identified by CHA as lead painted is not permitted. The Contractor may wish to provide his/her employees with protective clothing, air filters, etc. Some units in the CHA have been abated of lead hazards and others do not contain lead hazards. Those lead hazard-free units can be identified to the Contractor by a visit to the CHA Technical Services Department.

1-I RESPONSIBILITY

- 1 The Contractor alone shall be responsible for the employment, control and conduct of its employees and for injury to such employees and subcontractors in the course of their employment or otherwise, or to others through acts of neglect by such employees.
- 2 The Contractor and each of his subcontractors shall retain a certified payroll report and compliance statement from execution of the contract to contract completion and acceptance by the CHA. A separate payroll shall be submitted for the Contractor and each subcontractor.
- 3 Coordinate maintenance repairs included in various sections of these specifications to assure efficient and orderly installation of each part of the

work. Coordinate construction operations included under different sections that depend on each other for proper installation, connection, and operation.

1-J LEAD - FREE CERTIFICATION

The Contractor/Supplier hereby certifies by submitting a bid that materials, products, and services to be supplied within this contract shall be free of Lead-Based paint.

1-K WORKMANSHIP

The Contractor's work will be done in a workmanlike manner, exercising the best practices of the trade. Only skilled mechanics shall be employed. All materials shall be applied under adequate illumination and per manufacture's instructions to produce a turn-key job.

1-L LIABILITIES

Contractor is liable for damage to units and furnishings as a result of Contractor's work activity during contract period.

1-M PERMITS

The Contractor shall obtain, at his own expense, all permits, licenses and inspections and shall comply with all laws, codes and ordinances promulgated by authorities having jurisdiction which may bear on the work.

1-N INSURANCE

- 1 Each Contractor shall procure at their own cost and expense and maintain in full force and effect while the contract is in effect the following:
 - a Workmen's Compensation Insurance for all employees engaged under the Contract.
 - b Comprehensive General Liability Insurance with bodily injury and Broad Form property damage. The minimum amount of coverage is \$1,000,000.00 per occurrence. The policy shall cover all operations of the Contractor.
 - c Automobile Liability on owned and non-owned motor vehicles used on the site (s) or in connection therewith for a combined single limit for bodily injury and property damage of not less than \$500,000.00 per

occurrence.

- 2 Insurance Certificates shall indicate that the insurance company will give the Authority thirty (30) days prior notice of any cancellation or non-renewal of policy. The Columbia Housing Authority will be listed as an additional insured on all certificates of insurance.

1-O PAYMENT

Invoices that have been approved and submitted to the Procurement department by noon on Wednesday will be processed on Friday of the same week.

1-P MBE REQUIREMENTS

Contractor receiving award of competitively bid contracts in excess of \$25,000.00 will be required to take affirmative steps listed in Items 1-5 below and are encouraged to have a minimum of 15% minority-owned business sub-contract participation. A contractor who claims an inability to identify a qualified and responsible minority subcontractor shall include a Certificate to that effect which will be included for consideration by the Housing Authority Board of Commissioners in their decision to award a contract.

1. Placing qualified small and minority business enterprises on solicitation lists;
1. Assuring that small minority business, and women's business enterprises are solicited whenever there are potential sources;
2. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
3. Establishing delivery schedules, where the requirement permits, which encourages participation by small and minority business, and women business enterprises;
4. Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce.

1-Q CANCELLATION

If the Contractor fails to comply with these specifications in an individual unit; he/she will be given written notice that if he fails to comply with the specifications in any additional unit, the Housing Authority reserves the right to cancel this agreement and secure satisfactory service from other sources. Either party may terminate this agreement by giving the other party 30 days written notice.

1-R MATERIALS

All materials and supplies shall be furnished by the Contractor including all paint. Contractor

must provide with his bid the type and quality of paint that will be utilized. **Contractor must submit a sample of the paint to Mr. Marvin Smith for approval before the notice to proceed will be issued.**

1-S FURNITURE

The Contractor will be required to move furnishings as required to complete the painting of occupied units.

2. PAINTING

2-A Type of material for each coat, location and usage shall be as designated for purpose by manufacturer, as specifically stated on label instructions.

2-B Examination and Preparation

- 1 Verify that substrate conditions are ready to receive paint.
- 2 Correct all defects and clean surfaces which affect work of this section.
- 3 Remove all extraneous materials from work surfaces.
- 4 Holes, cracks and voids shall be filled smoothed and leveled with adjacent surfaces.
- 5 Seal smoke detectors from contamination during work, unseal and test after work.
- 6 Seal/cover sprinkler head before painting and remove cover the same day. Do not cover more than eight hours.
- 7 Remove, mask, or otherwise protect all items not to receive paint, such as light fixtures, outlets and switch covers, appliances, counter tops and door hardware.
- 8 All ceilings shall be painted ceiling white.

2-C Caulking

- 1 The following voids to receive paintable caulking:
 - a Wallpaper terminations
 - b Cabinet perimeter
 - c Electrical boxes and raceways
 - d Pipes penetrating walls, partitions, etc.
 - e Cleats
 - f Shoe molding

- g Windows
- h Ceiling perimeter
- i Baseboard or Cove Base wall contact area
- j Door casings

2-D Spackling

- 1 All woodwork voids and cavities
- 2 Primer
 - a All new interior wood work, wall covering and metal to receive a solid primer coat
 - b Kilz (as needed to resolve stain conditions)

2-E Latex Paint

- 1 The following surfaces shall receive Semi - gloss:
 - a Interior doors, 6 surfaces
 - b Wood work
 - c All kitchen and bathroom wall surfaces
 - d Exposed pipes and conduit
 - e Flexiwall

2-F Oil-based Paint

The following to receive no less than one coat of industrial oil base enamel

- 1 Hand rails
- 2 Metal door - All six surfaces, interior and exterior
- 3 Stair risers
- 4 Stair skirts
- 5 Medicine cabinets (app. white) where painted

2-G Cabinets

- 1 Refinish old cabinets
 - a Prepare surface (**strip**, clean, let dry)
 - b Stain and varnish to match original finish
 - c Revarnish
- 2 Painted Cabinets - Oil Base
 - a Cabinets that do not permit light sanding and refinishing, or have been previously painted.

Upon completion of each unit, Contractor shall replace all items removed prior to painting. Use only skilled mechanics for removing and connecting removed items.

2-H Application

- 1 Type of material for each coat, location and usage shall be as designated for purpose by manufacturer, as specifically stated on label instructions.
- 2 All materials shall be applied under adequate illumination, evenly spread and flowed on smoothly to avoid runs, sags, holidays, brush marks, air bubbles and excessive roller stipple.
- 3 Coverage and hide shall be complete. Apply two coats. When color, stain, dirt or undercoats show through final coat of paint, the surface shall be covered by additional coats at no extra cost until the paint is of uniform finish, color, appearance and coverage.
- 4 Drying time between coats shall be per label instructions.
- 5 Thinning shall be done only if necessary for the workability of the material and then only in accordance with the label instructions using only recommended solvents.
- 6 No coating should be applied when the surface temperature is below 50 degrees F or above 100 degrees F.

2-I Protection

The Contractor shall protect his/her work at all times and will protect all adjacent areas by suitable coverings or other methods during progress of the work.
