DESTINY SCHOOL DISCIPLINE PLAN

The Destiny School discipline plan is based on the belief that all students are deserving of a quality education and have the right to maximize their learning potential. Motivated students who accept responsibility for their learning and their personal growth and development contribute to a school culture that is based on respect and success. We encourage and promote healthy lifestyles that are a direct result of positive choices made by students. While the goal is for students to make informed decisions and healthy choices, there exists the possibility of making a mistake along the way. We reward positive choices that produce successful results. We impose consequences that hold students accountable for choices that interfere with academic and personal success.

Rewards for positive choices – The most obvious reward is intrinsic. Hard work pays off! Students who demonstrate a sense of commitment, determination, and perseverance will experience academic and personal success. School wide reward assemblies are held each semester to acknowledge students who, through hard work and positive choices, have attained a level of success deserving of public recognition. Reward assemblies/activities will be offered to students who have maintained a citizenship grade point average of 2.5 and have limited entries in their behavior record.

Consequences for poor choices – Making a poor choice lends itself to a learning opportunity. Therefore, consequences will be imposed to assist students in developing a sense of responsibility to themselves as well as to the community. The goal of every student is to become successful in life. When behavioral choices negatively impact the teaching and learning process, appropriate consequences will be given. Levels of misbehavior and their consequences have been identified as follows:

CLASSROOM VISITATION POLICY

Parents are more than welcome to visit their child's classroom. Please make arrangements with the teacher one day prior to your visit. This enables the teacher to assist you in seeing the subjects of interest to you.

HOMEWORK POLICY

School policy requires homework and outside reading on a regular basis. Homework is given to confirm and assess understanding and to develop independent, responsible students who can become lifelong learners. Timely performance of homework has an impact on both academic and citizenship grades.

Each teacher will send home a letter informing parents of their specific homework plan. HEALTH OFFICE

If a student is feeling ill at school, it is important to let a teacher or other staff member know. Students will be sent to the school nurse if such illness or injury warrants medical evaluation. A pass must accompany students if they are to be seen by the nurse, and parents must be able to pick up their child from school when they are too ill to remain on campus. Students with temperatures greater than 100.5 and/or vomiting need to stay home and be free of symptoms for 24 hours before they can return to school.

If a child misses any five school days in a four-week period due to illness, we feel that child's health condition needs to be evaluated by a physician. Please ensure regular attendance, otherwise written verification of illness must be provided by the child's doctor or dentist. If the child has an underlying health condition that leads to anticipated future absences, please contact the school nurse.

Medications

Students are not allowed to carry medications during the school day. If a student must take medication during school hours, a parent or guardian must make arrangements with the school nurse. Because of the responsibility placed upon school staff for giving medication, we ask that you comply with the following guidelines:

A medication authorization form must be completed. Medication authorization forms need to be renewed each school year. Please see the school nurse to pick up the required forms.

Medications must be brought to school by a parent or other adult. Students are not allowed to carry medications to or from school.

Medication must be kept in its pharmacy labeled container with the student's name on it.

Pills must be split at home before they are brought to school.

Non-prescription medication will be dispensed by the school nurse or other designated staff member as needed for a maximum of two consecutive days. A doctor's order must be submitted to the school health office for administration of non-prescription medicine beyond this two day period.

Narcotics, such as Tylenol-3, and other pain medications will not be administered during school hours, regardless of a current prescription.

Any medications not picked up on the last day of school will be destroyed.

Immunizations

Arizona School Immunization Law requires that children be up to date on their immunizations in order to attend school. Diseases like measles and chicken pox spread quickly so students need to be protected before they enter school.

If an item has been misplaced, students are encouraged to check the lost and found bin located in the cafeteria or in the office. Students finding lost articles are required to turn them in to the office.

child's teachers on a regular basis.

PARENT/TEACHER CONFERENCES

There will be prescheduled modified days of instruction in the fall and spring for Parent/Teacher Progress Report Conferences. A notice will be sent home to parents informing them of these dates. If your child must be absent from school 5 (five) days or more, parents are required to contact the school attendance clerk a minimum of two weeks in advance of the absence to make arrangements for a short term contract for independent study (CIS) for the absence period. Academic assignments will be given to the student to complete during the absence. When the student turns in the successfully completed assignments, she/he will be given credit for these days, for attendance purposes. If all work is not submitted, the absences will be considered unexcused.

TARDINESS

The school day begins promptly at 8:15 a.m.. Tardiness is very disruptive to your child's morning routine as well as his/her classmates, and negatively impacts his/her school experience.
