RESOURCE GUIDE: SUMMARY AND STUDENT LEVEL REPORTS RELATED TO THE CAREER AND PROFESSIONAL EDUCATION ACT

Summary Reports

Report #	Report Title	Summary of the Report	Access to the Report
F71015	Career & Professional Academies Enrollment	Number of students enrolled in CAPE academies. Disaggregated by district, school, and academy.	Upon district request
F71018	Career and Professional Academy Membership	Number of students enrolled in CAPE academies. Disaggregated by district.	Upon district request
F71081	Career & Professional Academies Enrollment by Grade and School	Number of students enrolled in CAPE academies. Disaggregated by district, school, and grade level.	Upon district request
F71082	Number of Students Who Took/Passed an Industry Certification By School, Industry Certification and Grade Level	Includes all certifications attempted and earned on the CAPE Industry Certification Funding List for all students including those students not enrolled in a career-themed course. Disaggregated by district, school, and grade level.	Upon district request
F71166	Perkins Eligible Industry Certification By Grade And School	Includes all certifications attempted and earned that are Perkins eligible for all students including those students not enrolled in a career-themed course. Disaggregated by district, school, and grade level.	Upon district request
F71431	Funding-Eligible Number of Students Who Took/Passed an Industry Certification By School and Industry Certification	Includes all certifications attempted and earned on the CAPE Industry Certification Funding List for all funding-eligible students. Disaggregated by district and school.	Static
F71432	Funding-Eligible Number of Students Who Took/Passed an Industry Certification By School, Course and Industry Certification	Includes all certifications attempted and earned on the CAPE Industry Certification Funding List for all funding-eligible students. Disaggregated by district, school and course.	Static

Student Level Reports

Report #	Report Title	Summary of the Report	Access to the Report
F71102	List of Students Funded (3rd and 4th Calculations) for Industry Certifications on the CAPE Industry Certification Funding List by Student	Includes all students funded on the CAPE Industry Certification Funding List. Disaggregated by district, school, student ID and grade level.	Static
F71171	List of Students Attempting Industry Certifications on the CAPE Industry Certification Funding List	Includes all certifications attempted and earned on the CAPE Industry Certification Funding List for all students including those students not enrolled in a career-themed course. Disaggregated by district, school, student ID and grade level.	Upon district request
F71297	List of Students Funded (3rd and 4th Calculations) for Industry Certifications on the CAPE Industry Certification Funding List by Student and Certification	Includes all students funded on the CAPE Industry Certification Funding List. Disaggregated by district, school, student ID, grade level and certification.	Static
F71415	List of Students Funded for Industry Certifications on the CAPE Industry Certification Funding List by Student and Certification	Includes all students funded on the CAPE Industry Certification Funding List. Disaggregated by district, school, student ID, grade level and certification. This is a just-in-time report.	Upon district request

Year: 2014-15

Data Element Number: **140462**

Data Element Name: **Industry Certification Identifier**

The identifier assigned by the Florida Department of Education to specify the CAPE Digital Tool Certificate, CAPE Industry Certification, CAPE Acceleration Industry Certification, CAPE Innovation Course, or technical skill attainment examination that the student has taken/attempted.

See Appendix Z for a list of the Industry Certification Identifiers.

The following procedures apply for CAPE Digital Tool Certificates, CAPE Industry Certifications, CAPE Acceleration Industry Certifications, and technical skill attainment examinations:

For certifications or assessments with more than one exam, an industry certification identifier should only be reported when all exams required to earn the certification or pass the assessment have been taken/attempted.

For example, MICRO069 - This Microsoft bundle requires that a student pass three of six exams. Students must have taken at least three exams for the industry certification identifier to be reported.

For certifications or assessments with work experience requirements, an industry certification identifier may be reported as an attempt when all exams have been taken and any requirements other than work experience are satisfied (i.e., report valid identifier on Industry Certification Identifier element and outcome of "F" on the Industry Certification Outcome element). However, students may not be reported with an "F" for two consecutive years if the only certification requirement outstanding is the work experience.

For example, NRAEF002 - This certification requires the student pass Year 1 and Year 2 exams and complete 400 hours of work experience. A student may be reported one time with this industry certification identifier and an outcome of "F" if the exams have been taken but the work experience was not successfully completed.

For a student earning an industry certification in a prior year (value of "P" on industry certification outcome), the student may not be reported with that same industry certification identifier in a subsequent reporting year.

For example, ADOBE012 - This certification often has software updates and new versions of the software and subsequent exams are released. If a student earned the ADOBE012 certification in 2011-12, the student may not be reported as attempting or earning that industry certification in any following year.

Reporting on this data element is end of year reporting only for K-12 (Survey 5). The outcome reported should be the final outcome for the reporting year.

For example, ADOBE012 – If a student took this exam twice during the same year and failed the exam on two occasions, the certification identifier and outcome should only be reported once.   If the student took an exam and failed on the first attempt and then the student re-tested on the same exam and earned the certification, only the final outcome on the industry certification identifier should be submitted.

The following procedures apply for CAPE Innovation Course reporting:

All students enrolled in CAPE Innovation Courses should have a value reported on this format. One identifier is used for all CAPE Innovation Courses for purposes of reporting performances in the course – CAPEI001. For example, outcomes for AP Microeconomics Innovation (Course Number: 2102365) are reported for all students enrolled in this course on the Industry Certification format with an identifier of CAPEI001.

Code	Definition/Example
CISCO004	Cisco Certified Network Associate (CCNA)
NIASE007	ASE Automobile/Light Truck Technician: Brakes (A5)

Data Element Number: **140462**

Data Element Name: **Industry Certification Identifier**

Length: 8

Data Type: Alphanumeric

Year Implemented: 0708

State Standard: No

Use Types:

State Reporting:	Yes
Local Accountability:	Yes
FASTER:	Yes
Migrant Tracking:	No

Required Grades: KG-12

Programs Required:

Career and Professional Academies

Workforce Development

Formats Required:

Industry Certification

WDIS Supplemental Information DB9 60x

Surveys Required:

Survey F	Yes
Survey W	Yes
Survey S	Yes
Survey 5	Yes

Appendixes:

Appendix Z: Industry Certification Identifier

Description of Changes:

2/6/2015	Formats Required	Data element has been moved to the NEW Industry Certification Format.
2/6/2015	Grades Required	Changed Grades Required to K-12
2/6/2015	Codes	Deleted the code 'ZZZZZZZZ'
2/6/2015	Definition	Update of definition to remove this element from the Career and Technical Education Student Course Schedule format
6/1/2012	Definition	Added wording to clarify when industry certifications should be sent only once.
5/21/2012	Grades Required	Correction0
6/1/2011	Grades Required	Added grade levels 06-08 making the grades required 06-12.

Data Element Number: **140462**

Data Element Name: **Industry Certification Identifier**

Year: 2014-15

Data Element Number: **140500**

Data Element Name: **Industry Certification Outcome**

An indicator of whether or not the student passed the industry certification or technical skill assessment taken/attempted.

Code	Definition/Example
A	Student was enrolled in a CAPE Innovation Course and attempted all required academic assessments and industry certifications, but only passed the required academic assessment.
C	Student was enrolled in a CAPE Innovation Course and attempted all required academic assessments and industry certifications, but only passed the required industry certification examinations
F	Student attempted but did not pass or complete all of the required components of the certificate, certification or assessment OR the student attempted all academic assessments and industry certification examinations required in a CAPE Innovation Course and did not pass any of the required assessments.
I	Student was enrolled in a CAPE Innovation Course and attempted at least one but not all of the required academic assessments and industry certifications.
P	Student completed and passed all of the required components of the certificate, certification or assessment OR the student successfully completed all academic assessments and industry certification examinations required in a CAPE Innovation Course.
Z	Student was enrolled in a CAPE Innovation Course and did not attempt any of the required academic assessments and industry certification examinations for the course.

FOR CAPE INNOVATION COURSES

For example, for the Advanced Placement Microeconomics (Course Number: 2102365), the following outcomes would be reported:

A   Student took the AP Microeconomic examination and passed with a 3 or higher AND took the required Microsoft Office Specialist for Excel examination and did not earn the certification.

C   Student took the AP Microeconomic examination and did not pass with a 3 or higher AND took the required Microsoft Office Specialist for Excel examination and earned the certification.

I   Student took either the AP Microeconomics examination or the Microsoft Office Specialist for Excel but did not complete all of the required assessments for the CAPE Innovation Course.

F   Student took the AP Microeconomic examination and did not pass with a 3 or higher AND took the required Microsoft Office Specialist for Excel examination and did not earn the certification.

P   Student took the AP Microeconomic examination and passed with a score of 3 or higher AND took the required Microsoft Office Specialist for Excel examination and earned the certification.
