

## Shamble Rules

Four man shamble: Each player tees-off. You then pick the best shot and everyone plays from there. Each player then finishes the hole with their own ball. Each player shall play at least 4 best tee shots.

The team score is the sum of the two best individual net scores. The net score is the actual, minus the handicap strokes. The handicap strokes should be marked on the score cards at 80% of their league handicaps. **No player, no matter his handicap, will receive more than one stroke on any par 3**

There will be no **GIMMEE PUTTS** over 1 foot. Players can move their putts to within one putter width of the original ball, but no closer to the hole. On drives players may move their ball one club length from the original ball, but no closer to the hole.

In the case of 3 players on a team, the **Phantom** rule is in effect. On each 3 man team one player should hit **TWO** tee shots. But once the tee shot is chosen, the three players play their own ball until it's holed out. ( The extra shot is only allowed on the tee). Players can hit alternate tee shots or, Player A, hits an extra shot on the first 6 holes. Player B, hits an extra shot on the next six holes. Player C , hits an extra shot on the remaining 6 holes.

<u>Handicap</u>	<u>80% differential</u>	<u>Handicap</u>	<u>80% Differential</u>
1	1	19	15
2	2	20	16
3	2	21	17
4	3	22	18
5	4	23	18
6	5	24	19
7	6	25	20
8	6	26	21
9	7	27	22
10	8	28	22
11	9	29	23
12	10	30	24
13	10	31	25
