

THE 7TH SHEMITAH

The purpose of this chart is to emphasize the week encompassing the 7th Shemitah since the liberation of the Temple Mount in Jerusalem during the 6 Day War. What is spectacular about the Fall Feasts of YHVH in 2015 is that all 3 Fests are accompanied by dramatic celestial correspondences. For Rosh HaShanah, there will be a partial solar-eclipse. Then on Yom Kippur, the Feast is where the Jubilee is to be proclaimed as it coincides with the Fall Equinox. Lastly the Feast of Sukkot will coincide with the end of the Blood Moon Tetrad which is a Super Moon. What is also very telling is that on July 31, 2015 the second Moon of July will be a Blue Moon. It will be exactly 44 days out from September 13, 2015 Rosh HaShanah and there will be 153 days remaining until the end of the year. The 7th Shemitah will initiate the year 5776 that many are attributing to it as the Year of Light and perhaps to other the end of the Church Age and beginning of the coming New World Order. What is exciting to note is that the 7th Shemitah is thus the Jubilee based on the 1966-67 year count that coincided with the liberation of the Temple Mount. This study will suggest that possibly, the Masonic Luciferian Great Work will converge with Jesus's Great Work of competing His Spiritual Temple, i.e., His Bride in preparation for the Resurrection and Rapture event. The teaching of the Shemitah has been sensationalized by the book and study primarily divulged by the Messianic Rabbi Johnathan Cahn. What the Shemitah can signify is either a blessing or a curse depending on the spiritual pulse of YHVH's People and the nation that has incorporated such a spiritual principle into their economic fabric. The point is that the same people that now have usurped the USA's political apparatuses have synchronized such a similar timeline to the world markets and specifically for the USA for example. Thus the blessings or cursing will be manifested in the cycles primarily in the USA first. Of note, the major Pilgrimage Feasts listed below are in approximate phi ratio 1.618 to the celestial eclipses and each other. The '10 Days of Awe' will see the Virgo Revelation 12 Symbolism. In 2015, the 9-11 date will be on a Friday the last day of stock trading.

Based on the laws of 7, many conclude that the coming cycle will be a 7-fold intensification of the judgment since 1966. In particular since 2001 and 2008 the patterns also suggests a 3-2-1 countdown to not only a U.S. reset but a worldwide one at that. The Shemitah 7-year economic cycles have thus far been a cursing and not a blessing. There have been a collapse, war and economic resets that have advanced the Luciferian agenda New World Order thereafter.

FALL FEASTS OF YHVH

The USA is slated to be transformed into a 3rd world nation. In particular the national judgment of the Shemitahs of 2001 and 2008 were the 3-2-1 countdown to the 7th Shemitah Jubilee and a total 'washing away' of the debt. This has profound prophetic overtones to the judgment as in the Flood of Noah. The Flood was as a reset, a release, a transition, transformation and a washing away literally.

Will this coming reset, release, transition and transformation be a washing away the USA? Will it also see the world end up with such a similar judgment? Will this 'washing away' possibly and conversely allude to the Rapture as the Bride of Christ as she has 'washed' her garments white in the Blood of the Lamb. Will she be taken up and out as conversely, the people of Noah's day were taken out and Noah remained? Will this time see the end of the Masonic American Republic 1776 to 5776?

SHMITAH CYCLES

Since the 6 Day War June 7, 1967 the cycles have corresponded to economic market crashes. The 7th cycle of the Shemitah occurs in 2015.

1966
1. 1973
2. 1980
3. 1987
4. 1994
5. 2001
6. 2008
7. 2015 = 49th Year
2022

1 Shemitah x 360 days/year = 2520 days x 7 cycles
= 17640 from Jun 7, 1967 + 17640 = Sep 23, 2015
1 year 365/year x 7 = 2555 x 7 cycles
= 17885 days from Yom Kippur Sep 24, 1966
= Sep 13, 2015 Rosh HaShanah 5776

THE JUBILEE COUNT

49 prophetic years (1 Jubilee period) x 360 days = 17,640 days.
From (Jun 7, 1967) + (17,640 Days) = Sep 23, 2015 YOM KIPPUR

Based on prior Shemitah cycles, the last and most drastic reset occurs on Elul 29 on the 7th year. What will be dramatic and intensified is that in 2015, the Shemitah year is the 7th cycle. Also the Jubilee countdown from 1967 is in approximate phi ratio of time from Israel's independence in 1948 to the year 5776 or start of the 33rd Shemitah 7-year Sabbatical cycle. Conversely 7 cycle of 49 Jubilee years approximates the time the USA rose to power.

This study agrees that there is not only an economic convergence based on the repeatable pattern of the 7-year Shemitah cycle. There is a prophetic one also that is just as Biblical and more so the primary cause and effect of why all this is happening.

SHEMITAH CYCLES

The U.S. Dollar collapse is mathematically certain as the current rate of U.S. debt is reaching 20 trillion dollars and it is not meant to be paid back. The Keynesian model of a debt service economy only works if a GNP growth is sustained on average over 3 or 4 percent a year. Currently in the U.S. the official reported stats are at 1% if at all. Most expert Economists even believe it is at a negative -1 or -2 % and the real unemployment levels are above 20%. Shockingly the average minimum aged worker is 36 year old now in the USA. The past patterns of the Jubilee count of the Shemitahs are most notable after Israel celebrates the Sabbatical Year in 5776 (2015) The next year will have YHWH's signature 777, the year of divine totality and completion, the triple 7 in the Jewish Year of 5777.

The 7th Shemitah marks-off the Jubilee from June 7, 1967 (a Jubilee year). At that time Jerusalem was restored to Israel and began to be built up in troublous times as Daniel prophesied it would. Will this time period and Jubilee count signal an 'end' and a 'beginning' to something very prophetic? If one is keen to the chatter amongst the well verses and seasoned Economists of the world, they are predicting the ominous inevitably of a crash in September 2015 for one. What most are really alarmed at is not so much the Stock Markets of the world particularly that of New York and London but the Bond Market that will exasperate the collapse far worse than the Crash of 1929. The secular Economists might excuse any 'doom and gloom' scenarios or inferences that all this is Biblically and prophetically tied together with ominous signs. Such are signs as in the case of the Tetrad Blood Moon and solar eclipses. Recognize that the dates that are suggested happened to correlate to celestial events that to Biblical scholars are the very signs that signal an impending judgment, a release, a transformation and washing away as in the Flood of Noah even; it is that dire.
