## September Meeting Highlights

The September 11, 2013 meeting was called to order by president, Carole Martinez. The committee shared their reports. Fran Swan reported that \$61.25 was collected for Angel's Place. Club librarian, Carol Joachim, reminded members to bring books for the November book auction. Ron Broadbent said they might have a possible glass grinder for the glass show. A fascinating program was presented on aluminum serving pieces. This was followed by the show 'n tell which members presented creamers, soup bowls and cup and saucers and their alternative uses. The meeting ended with facts about the month of September from Charlotte Upadhyay to celebrate September's birthdays.

## Home Tour

Carole Martinez graciously will be opening up her home for the club's next home tour. Carole will have on display her Christmas collection. Remember that great program she did on the Christopher Radko ornaments?

The two dates that she can have the tour is December 7 or December 14. Check your calendars to see what will be the best day for you to attend.

# Happy Birthday

Dianne Cook (21)

John Kehm (29)

Christine Lecler (24)

Alice Lowe (23)

## THE GALLERY

The door prize winner for the September meeting was Lou Read who won raffle tickets for the glass raffle prize.

The glass raffle this month was a 50/50 cash prize of \$13, which was won by Buddy Lobell.

## Monthly Program

September's program was presented by Joy Boudreaux and she talked about her aluminum collection. In 1850 a man discovered a process to make aluminum useful and the first piece made was a tea kettle. Most of Joy's collection is from the 1940s. Joy started collecting aluminum pieces about 4 ½ years ago when she inherited her mother's pieces. She found more pieces for her collection from garage sales and thrift stores. She notes that the aluminum pieces don't tarnish, they just get dull. Thanks for a great program, Joy!
