Director's Play Submission Form

The Barnstable Comedy Club strives to provide an open avenue for creative expression through participation in all aspects of theatrical productions. Anyone can submit a play(s) for consideration, and any play received may be considered for this or future seasons. If you are a director, we encourage your participation by submitting the Director's Play Submission Form. Traditionally we produce 4 plays per season: a musical in November; a drama or comedy in January; a mystery/thriller in March and a classic play or musical revue in May. Recently, we have also added a summer show produced in August.

Please complete this form with as much information as you have at the present time. The BCC Play Reading Committee and the Board will review your information and determine if your production will be included in the 2017-2018 Season by way of vote. Decisions are based on our base core audience as well as how the play fits into the seasons' overall selection. A board member will contact you with the board's decision.
