PRACTICE STRATEGIES FOR THE SCHOOL YEAR

Written by Amanda Barro

Students and parents both love to ask "How much should I (or my flutist) be practicing?" This is a wonderful question to touch base with at the beginning on the school year!

Here are some really quick practice strategies to use your time effectively:

- Schedule your practice time!
- Pick a daily warm up to get the brain thinking, the air moving, and the ears listening!
- Decide on 1-3 items that you would like to improve in your session

WHAT'S IN THIS MONTH'S ISSUE:

- Practice Strategies
- Fall Studio Recitals
- Celebrations!

- Isolate those spots and work make progress!
- If you have more time, put those spots back in context

More often than not, it's not about how much time you practice, but how thoughtfully you practice.

One more secret: a little each day goes a longer way than a lot all at once!

Upcoming Events & Celebrations
