

Hello everyone, my name is Kayla and I am one of your Infant room teachers here at MacFadyen Preschool. I have devoted my entire life to taking care of people, and I don't plan on stopping! I graduated from a PSW course in 2010, however due to my love for kids, fun and creativity I have decided I would much rather work with children full time. That being said, MacFadyen has provided me with great opportunities. I am currently an apprentice at Mohawk College which allows me to continue to learn as well as gives me the opportunity to work towards my diploma and degree in Early Childhood Education. I enjoy being around children and watching them succeed! Kids teach us patience, virtue and the value of friendship. It's an honor to assist in helping your child(ren) grow and learn. From ABC's and 123's and everything in between! Thank you for taking the time to read this! Hope to see you soon 😊
