

TAA Summer Conference Agenda 2019

“Superheroes don’t wear capes, They drive a School Bus!”

Monday, June 17, 2019

<p>8:00am – 5:00pm</p>	<p><u>Leadership in Training – Train the Trainer</u> - The Arizona School Risk Retention Trust, Inc. (the Trust), is presenting the second in a series of driver trainer classes through its Leadership in Training (LIT) program. Attendees will learn about best practice approaches to teaching, re-training, and recordkeeping. Even if you’ve attended before, there are new topics for both behind-the-wheel and in-classroom training. The behind-the-wheel training track includes reference point lessons; backing; and an in-depth, hands-on workshop for special needs issues (e.g., emergency evacuations, manual lift guidelines, and unique wheel chair securement scenarios). The classroom presentations include advanced paperwork, in-service best practices, and emergency response for transportation. Join the LIT instructors for a great driver trainer learning opportunity.</p>	
<p>12:00pm – 1:00pm</p>	<p>Lunch (On Your Own)</p>	
<p>9:00pm – 3:00pm</p>	<p>TAA Field Trip (TBD)</p>	
<p>1:00pm – 5:00pm</p>	<p><u>NAPT – 405 – Student Needs & Management – Shannon Weber</u> – A 4-hour look at student behavior issues from the management perspective. A brief overview of “normal” student characteristics and behavior management strategies is followed by an in-depth look at preparing drivers and attendants for student management, working with the school district structure, developing district policy, procedures, and forms, and understanding nuances of working with students with disabilities and children from other cultures.</p>	<p><u>Leadership in Training – Directors & Supervisors</u> - The Arizona School Risk Retention Trust, Inc. (the Trust), is presenting the first in a series of administration training classes through its Leadership in Training (LIT) program. Whether you are a new or returning transportation director or supervisor, this 4-hour class will offer relevant information on key transportation administration topics. The LIT instructors will discuss guidelines for school bus regulations; emergency response and post-accident procedures; fleet maintenance; 100-day count; and more. Join us for discussion, collaboration, and sharing of transportation safety best practices</p>
