

The following information is forwarded to you from Fred Neil, the 3rd District Dover City Councilman and HOA member as information only: The November 3, 2020 Election provides Leased Land Home Owners an unprecedented opportunity to change the State Legislature by Voting for those who care more about the citizens they serve than the Special Interests who donate our rent money to their Campaign Chests. By voting, you not only help yourself, but you will be helping all of the residents of Delaware.

Your vote can dramatically make the change. Long time Speaker of the House Pete Schwartzkopf, a great friend to us Tenant Home Owners, has repeatedly said we can help ourselves by voting. To those who take the attitude, "You can't fight City Hall". I am living proof you can have a fighter in City Hall if you vote as my community did.

Each of us must encourage our neighbors to vote regardless of who they vote for.

After canvassing the candidates running:

☒ Those who have indicated they are concerned about the excessive rent increases going into the hands of investors who do not pay Delaware Income Tax and demise of affordable housing are marked with +.

☒ The Incumbents who sponsor and advocate for us are marked with @.

☒ Unmarked candidates represent candidates who offer hope.

This is not an endorsement of any candidate, but factual information to help you decide. There are both Democrats and Republicans in this list.
