STRONGLY ENCOURAGED:

Parents should take time to read....

* The Well-Trained Mind by Susan Wise-Bauer

New Parents – Please read at least to the point that your child(ren) are, in order to gain a better understanding of the classical method. Also, read the sections: “The Kitchen-Table School: Why Home Educated?” and “The Character Issue: Parents and Teachers.” Please keep in mind that TCCS is a “classical-like” educational model (refer to TCCS’s educational philosophy in the handbook).

* 8 Great Smarts By Kathy Koch, www.celebratekids.com

* Your Child’s Strengths by Jennifer Fox

* High School: We highly recommend getting *Celebrate High School: Finish with Excellence* by Cheryl A. Bastian. TCCS is using this as a high school resource. www.cherylbastian.com

TO REMEMBER:

TCCS recommends that students begin learning to type in 4th grade. You can use any typing program and have them practice 15–20 minutes a day until they are proficient. Also, this is a great summer activity! Some of the program that other families have found helpful include...

* Mavis Beacon Teaches Typing by Broderbund - Wal-Mart

* Typing Instructor for Kids Platinum (age 6-12) – www.timberdoodle.com
Great introduction without overwhelming the user. A fun approach with no computer experience needed.

* Typing Instructor Platinum (ages 8 and up) – www.timberdoodle.com
Great introduction to typing for fourth graders and up. It’s an interactive approach, with a broad variety.

* www.typingweb.com

Optional Latin recommendation for teaching vocab. and phrases in a homeschool friendly format:
Song School Latin by Amy Rehn – www.classicalAcademicPress.com or www.timberdoodle.com
