A Note from Rick: Markets were a little stronger this week on the slaughter side, while the dairy side remained pretty much unchanged. Butcher cows were \$1-\$2 higher, while Holstein butcher steers were \$2-\$3 higher. Mixed Butcher steers were a good \$5 higher than last week and this was welcomed I'm sure, being the first upward movement in the market in several weeks. Well, it seems like it's been a long time coming, and although there are some small details left to finish up, we are ready to hold our first event in the new building. Thanks to a lot of hard work from a lot of great people, our "2017" project is nearing completion and for the most part has gone very smoothly. It's been great to meet and do business with so many new people in our new community and get such strong support. We have so many people to truly thank, from the people, to the businesses, to the officials of the Town of Topeka and the County of LaGrange and so many more. Andrea and I are truly grateful to all the loyal, hardworking people that have been there every step of the way. This was a community wide effort and we are excited to share the results with the people that have made it possible. Come check out TLA!
