Welcome!

This catalog is designed to provide information about the programs at Carleen Health Institute and is intended to remain in effect for the period for which it is issued. CHI reserves the right to change any policy, provision or requirement at any time. This right to change a policy, provision, or requirement includes, but is not limited to, the right to revise the curriculum, revise, reduce, or eliminate course offerings in academic programs, and to add requirements for graduation. When curriculum changes are made, students may not be permitted to follow old program requirements simply because those requirements were in effect when they entered CHI. Furthermore, all students are responsible for adhering to the requirements, rules, policies and procedures, whether published in this Catalog or other official media. Whenever changes occur, an effort will be made to notify persons who may be affected. The effective date for the policies, regulations and information will be the beginning of each academic year.

CHI is in compliance with federal and state requirements for nondiscrimination on the basis of disability, sex, race, color, age, creed, and national or ethnic origin in admission and access to its programs and activities. CHI is also in compliance with FERPA, the Family Educational Rights and Privacy Act, which is designed to protect the privacy of educational records.
