Did you know that positive phrases influence your thoughts and actions? And that your subconscious mind is at its most receptive early in the morning and late at night? Connecting those two topics led to Laura Schmidt's aspiration: putting affirmative phrases on the toes of socks – and selling them to others. From those humble beginnings, a successful business was born!

The mission of the American Business Women's Association is to bring together businesswomen of diverse occupations and to provide opportunities for them to help themselves and others grow personally and professionally through leadership, education, networking support, and national recognition.
