COVID-19 Update

Greetings from Midway Nursing Home -

There are no changes to yesterday's update. All residents continue to be on precautionary isolation until November 6th. This is out of an abundance of caution and is consistent with CDC & NYSDOH guidance for nursing home residents.

All resident & staff testing for COVID-19 continues to be negative and no residents are displaying any symptoms of COVID-19.

Virtual visits are available daily. Please contact Social Services or Recreation to set this up.

Please visit our website www.MidwayNursingHome.com for daily COVID updates and other information that may be posted.

We want to assure you that we are doing everything we can to keep the residents safe and appreciate your patience and understanding during these difficult time.

COVID-19 remains active and has not gone away. We all need to continue to stay vigilant by wearing a facemask when we go out, wash or sanitize our hands often and monitor ourselves for symptoms. Flu season is also upon us so if you haven't done so already, please speak to your healthcare provider about getting a flu shot.

We look forward to seeing you soon! Stay safe & well.
