A MESSAGE FROM OUR SUPERVISOR

Dear Residents of Hague:

There is currently a drive in Hague sponsored by the Moses-Ludington Hospital to raise funds to pay off a debt owed to International Paper Co. and to purchase badly needed new equipment.

This past winter I was a patient in the Moses Ludington Hospital and I can personally say that living in this community, we are very fortunate to have such a modern, well-run facility so close to us. The availability of a wide range of specialists in addition to the fine, regular medical staff who serve this area, provide patients with the care and expert attention needed in most cases. Our hospital is clean and well run with the kind of individual personal care not found in larger institutions.

I strongly support this drive and I would encourage people to "dig a little deeper" to make sure that the Moses Ludington Hospital will always remain a vital and necessary part of our area.

Thank you,

/s/ Richard E. Bolton
Hague Town Supervisor

During the months of July and August a large committee formed to work on the capital fund drive will be working hard to reach the goal of \$250,000. The committee in Hague has met and has set a goal of \$50,000 as its share in this drive. Someone will be calling on you either in person or by mail to ask for your support and to answer any questions you may have. Five years ago a capital fund drive was launched and most of the commitments which were made at that time have been paid. This drive will be a three-year effort. You may make a commitment to pay in monthly, quarterly, semi-annual or annual installments. **WE REALLY NEED THE MOSES LUDINGTON HOSPITAL. THE MOSES LUDINGTON HOSPITAL NEEDS YOU...**djh

STATE TROOPER TO SPEAK

State Trooper Dyer, Troop 0, Loudonville, will speak at 6:30 PM at the August 13 meeting of the Town Board. Among the points he will discuss will be how to secure homes for the winter and other information which should be helpful to the home owners of Hague in view of the many thefts and acts of vandalism which have taken place in the past. The public is urged to attend this meeting and ask any questions that they may have on their mind.

LOELLA GRIMES IS GRANT RECIPIENT

Mrs. Loella Grimes, Hague, has been awarded a grant to attend the 25th annual International Voice Institute trainee program held by the International Association of Laryngectomees at Atlanta the week of July 21. It is sponsored by the I.A.L. and National Cancer Society. It involves a week's training in Esophageal Speech taught by the foremost speech therapists in this field. There are 25 students (VIP's) and 25 therapists who are learning to teach this method of speech. Loella is looking forward to this experience.

HAGUE ARTS FAIR

The 13th Annual HAGUE ARTS FAIR will be held on Saturday, August 3 and Sunday, August 4 from 10 AM to 5 PM in the Hague Town Park. Set up time will begin at 9 AM.

Exhibitors are encouraged to bring their own tarps since there are only a few available. Also tables must be furnished by exhibitors.

Entry fees will be \$10 for one day or \$15 for two days.

Information on entering the fair may be obtained from the Chamber of Commerce Office, 543-6046.

This is always one of the highlights of the summer season for Hague. djh

TOWN BOARD JULY 9, 1985

A petition was presented to Supervisor Bolton from Lonnie Swinton, West Hague Rd., requesting Cable TV for the area. Members of Friends Point and Forest Bay Associations present at the meeting asked about their hook-up and all were assured everything is proceeding as planned.

The Waltonian Island Ordinance was approved by our town board and now must be approved by the Commissioner of EnCon. Ten days after approval it will become law.

"On the Trail" (N.Y. State paper) had an article commending our successful Bass Tournament.

Resolution carried requesting state aid for assistance in Land Use programs.

Problems arising at our public park and beach have raised the possibility of controls in the interests of Hague residents.

Motion passed for additional services by Sealy Office Systems at 1/2 the usual additional costs.

There has been an increase in costs for Blue Cross.

The lack of protection was brought to our attention by a letter from Mrs. de Buys, Holman Hill, about the recent break-ins. The Supervisor assured everyone he is working on the problem. (letter on page 4).

A meeting is planned at a later date for town, planning and zoning boards to look at the future needs for land use.

At Supervisors Association conference many bills were suggested in the interest of area towns. A few examples: mandated training for assessment review; state revenue sharing. We will keep up to date and informed.

Motion carried to allow Dan Belden, Highway Superintendent, to attend conference in Syracuse in September...GL.

PLANNING BOARD 7/11/85

Thomas C. Fritz's (new owner of the former W. Roy Phillips property on Rt. 8) application for a minor four-lot subdivision of approximately 42+ acres was approved unanimously.

Jay (Jack) Reynolds' application for a minor subdivision of his Indian Kettles property on Rt. 9N was finally approved. The A.P.A. failed to take any action on the application during the 30 days allowed to reverse the local determination to grant the variance.

A stop work order was issued to Light House Point (formerly Dock and Dine) due to construction that does not conform to the zoning setback requirements. The Board has directed Chairman Fred LaPann to write to Daniel T. Smith, attorney for Robert Sweet and Gary Koncikowski, developers of the property, of the Board's concern that the agreed stipulations contained in Mr. Smith's letter of May 10, 1983 which addressed such matters as water, sewage, roads, and staking of property lines, are still not all in compliance with the Hague zoning regulations. The Board and guests informally discussed the proclivity of state and local governmental authorities to circumvent the town's approved sanitary code. AC

RESOLUTION PASSED

The Warren County Board of Supervisors has passed a resolution to transfer the sum of \$6,000 from the Contingency Fund to Adirondack Park Local Review Board to be used by the Review Board to assist in its cooperative study with the New York State Board of Equalization and Assessment's study of the Adirondack Park Agency plan on local land values. The stated purpose is to determine the economic impact of the Adirondack Land Use & Development Plan on land values and the local economic tax base within the Adirondack Park. Hague's supervisor, Richard Bolton, was one of seven supervisors who introduced this resolution. .. AC

SCHOOL ADMINISTRATOR RESIGNS

Dr. Joseph S. Verdone, Superintendent of Schools of the Ticonderoga Central School District, has announced that he has accepted the position of Superintendent of Schools of the Sayville Union Free School District, Sayville, L.I.

Dr. Verdone has been superintendent in Ti for the past nine years. The excellent program that the school district developed can be directly attributed to the positive support the Board of Education has demonstrated over the years, coupled with the ability of a very competent staff, faculty, and administration. The community support of the schools has resulted in an educational program second to none.

LAKE GEORGE TASK FORCE

In July 1983, at the annual meeting of the Lake George Association (LGA), Environmental Conservation Commissioner (DEC) Henry G. Williams said that his department would form a task force using its own staff resources as well as those of other state and county agencies to prepare a plan for the preservation and protection of the outstanding resources of the Lake George Park.

The Task Force was formed in February 1984. Charles G. Morrison, Jr. of DEC is chairman. Approximately 60 persons representing state, county and town government and the LGA comprise the membership of the Task Force.

The purpose of the Task Force is to determine the future direction of the entire Lake George Basin by identifying which actions of man cause a deleterious effect on the basin as well as the methods that can be employed to preserve the quality of the area.

The Task Force has been meeting monthly as a whole plus seven sub-committees studying in depth the critical environmental issues that affect the basin.

The bottom line is water quality; it is the water that provides the recreational uses such as boating, swimming, and fishing as well as the drinking supply for so much of the area. Without the water quality that Lake George has become famous for, combined with the scenic beauty of the area, people would not longer be attracted to Lake George...AC

RECORDING SUBDIVISIONS

The Hague Planning Board regularly approves subdivisions at the monthly meetings. Recently it has come to the attention of the Board that individuals do not always file the plat plan in the Office of the Clerk of Warren County. Article III, Section 5-A of the Hague Subdivision Regulations states: "Any Subdivision Plat not so filed or recorded within sixty (60) days of the date of such final approval shall become null and void..." The subdivision plat plan, once approved, may not have any changes, erasures, modifications or revisions unless it is resubmitted to the Planning Board and the Board approves in writing any modifications...AC

HORSEMANSHIP FOR THE HANDICAPPED

Plans are underway by the Cooperative Extension of Warren County to develop a 4-H Horsemanship program for handicapped youngsters. A pilot program will begin in September.

WILLY C'S JUNE/JULY WEATHER NOTES

Last issue I told you that we were up to 13 hours and 32 minutes of daylight and that we would add a minute or three more before starting down the back side of the mountain. I know my readers are sharp and you must have all though that Willy C was rowing with only one oar, because you all knew it should have been 15 hours and 32 minutes of daylight. We did add one more minute to arrive at a maximum of 15 hours and 33 minutes. As of July 11 we are down to 15 hours and 18 minutes.

Our heating degree season, 1984/5 ended 6/30/85. The year was 4.6% warmer than last year and 6.6% warmer than normal.

Rainfall for June was 3.76 inches; .91 inches more than May. Through July 11, .35 inches of rain. Pretty dry for your garden. Temperatures ended June on the cool side; lows in the 50's, highs in the 60's and low 70's. July has been very comfortable, 80's during the days, high 50's to low 60's at night. Water temperature is 73 degrees at the 2 foot level. Top wind gusts in June - 32 MPH 6/27. Overall, the wind has been settling down to its summer pattern.

For those of you who have been looking forward to summer, here it is, so make the most of it. Remember whether you summer here, live here year round, or are just passing through, KEEP THE LAKE CLEAN; it's the only one we have, and we all need it.

....Willy C.

Capt. Edward H. Crabbs, Jr. U.S.N. former C.O. of the U.S.S. Nashville, has left his post as Deputy Commander/Chief of Staff at Naval Space Command, Fort Dahlgren, VA to take up new duty at COM NAV AIR LANT as Assistant Chief of Staff for CV/CVN Carrier Training, Norfolk, VA. TICONDEROGA FESTIVAL

Everyone loves a bargain, i.e., the very best at a very good price. This is true of the summer programs presented this year by the Ticonderoga Festival Guild, a series of delightful performances with high entertainment at low cost. Indeed, two of the evenings are free, and all of the 10 AM Wednesday mornings - for children and/or adults. Tickets may be purchased at the BookMark or at entrance. Programs begin at 8 PM UNDER THE HANDSOME YELLOW STRIPED TENT on the Village Green. (Please bring your own lawn chair.)

Free admission to the children's program is made possible in part through a grant from: The New York State Division for Youth and the Essex County Youth Bureau; The International Paper Company Foundation; the New York State Council on the Arts; and gifts from our membership.

Opening concert on Tuesday, July 16 brings the EMPIRE BRASS QUINTET. A reception following the concert is sponsored in part by Widmer's Wine Cellars.

On Saturday, July 27 audiences will welcome The Summertime Olde Towne Band. This group plays much of the music from the turn of the century Golden Age of Bands. Some of the performers are former members of the United States Military Band at West Point; many play in the Hudson Valley Philharmonic or in other metropolitan areas.

Sunday, August 4 at Silver Bay brings once again the popular Gregg Smith Singers with Adirondack Chamber Orchestra. This group of choral masters presents their songs not only with musical skill, but with dramatic "surprises" - voices gathering sometimes in the balcony or at other points in the audience.

On August 6 The Empire State Ballet will give a special event, free evening, also at Silver Bay.

The weekend of August 9, Friday, Saturday and Sunday at 10 AM Under the Tent a very fine Arts and Crafts Show with items for sale will be sponsored by the guild. There is no admission charge for spectators and/or purchasers. (Craftsmen who wish to exhibit do pay a fee and should call the Festival Guild office.

Two more evening concerts in August for you to mark on your calendar now. Saturday, Aug. 17 MOZART ON FIFTH. This ensemble does it all: Dixieland, Ragtime, Swing, Classical.

Saturday August 24 hear the McLain Family Band, one of the most popular groups of Blue Grass. Like others chosen by the Ticonderoga Festival Guild they are famous for their individual style and have appeared around the world and in 49 of our 50 states.

Here in Hsque and Ticonderoga and surrounding areas we can feel fortunate that a summer program of such rousing, first rate entertainment can be seen and heard near-by and for such a little cost. Tickets at \$5 with Senior Citizen, student and family "specials" can be bought at BOOKMARK-RADIO SHACK or at the TENT on the Village Green on the night of the performance.

And remember, EVERY WEDNESDAY at 10 AM July 10 through August 7, there are fine FREE entertainments for children (and/or adults)... an opportunity for today's children - who so often see only TV or movie interpretations - to SEE delightful LIVE performers.

Pocket size schedules are available at the Hague Chamber of Commerce, Silver Bay and Hague post offices and stores....BdG

The following is a copy of letter sent to Supervisor Richard E. Bolton, with a copy to The Hague Chronicle.

"A break-in every month is more than enough
"As a taxpayer, I am proud and privileged to pay my school taxes.

"As a taxpayer, I am receiving far less than value from other taxes.

"As a long-term resident, with family ownership for eighty-five years, I ask that Hague's elected officials assume their sworn responsibilities and use their authority to protect the property owners of this otherwise lovely town.

"There is no lack of ability involved. There is lack of action and inclination to involvement, which is destroying Hague.

Sincerely,
/s/ Elizabeth H. de Buys"

"ANYTHING GOES " BENEFITS HAGUE
FIRE DEPARTMENT

On Thursday, Friday and Saturday, Aug. 15, 16 and 17, the EMPs (employees) of the Silver Bay Assoc. will offer their annual Broadway musical. This year the EMPs have chosen Cole Porter's delightful 1934 musical comedy ANYTHING GOES. Tickets are on sale for the Thursday, Aug. 15 performance only. Tickets are \$4.00 for adults and \$2.00 for children 12 and under. The entire proceeds of opening night performance go to benefit the Hague Fire Dept. This tradition started many years ago and is one of the many ways Silver Bay says "thank you" to the town of Hague for their support over the years. The other two evenings, donations will be taken and will help defray the many costs related to producing a show of this nature.

ANYTHING GOES includes such Cole Porter hits as YOU'RE THE TOP, IT'S DELOVELY, FRIENDSHIP, BLOW, GABRIEL BLOW, I GET A KICK OUT OF YOU, and of course the title song, AN, YTHING GOES. All performances are in the Silver Bay Auditorium at the YMCA Silver Bay Association Conference Center and begin at 8 PM.

For additional information, please contact Mr. Carl Jenkins, 543-8833, and leave a message.

MARY C. BESTE MEMORIAL SCHOLARSHIP

In the summer of 1971 Miss Mary C. Beste and Mrs. Julius Hendrickson donated \$6,000.00 to establish a scholarship fund to serve the youth of Hague. The scholarship became known as the Hague Central School Scholarship. Following the death of Miss Beste, the scholarship was renamed the Mary C. Beste Memorial Scholarship in honor of Miss Beste, its originator and chief contributor.

Through contributions and various fund raising activities the fund has taken in over \$18,000 Awards amounting to \$14,415 were made, leaving a balance of \$3,796. Recipients have been: Michael Streeter, Angela Bevins, Michael DeLarm, Daniel Olcott, Theresa Davis, Marie Touchton, Mary Braisted, Bruce DeLarm, Pauline Davis, Ernest Frasier, Beth Bolton, Katy Laundree, Mary Beth Fitzgerald, William Smith, Theresa Thibeault, Dennis Trombley, Sally DeLarm, Marie Watts, June Frasier, Robin Warren, Coleen Thibeault, Richard Strum, Tim Strum, Steve McCranels, Jennifer Belden, Donna Denton, Robert DeLarm, Korinna Ida, Lynn Wheelock, Kathi Hudak, Michael Meola, Tina Belden, Glenn McKee, Rudy Meola. Recipients this year are listed on page 7.

If the Mary C. Beste Memorial Scholarship is to continue to be a viable, ongoing program benefiting the youth of Hague, additional funds must be raised.

A committee of Ida May, Pat DeLarm, Jean McKee, Rev. Van Vliet, Pam Hens, Norman Strum and Rudolph Meola have kept the Scholarship alive since 1979, however, more help is needed. Contributions may be sent to: Mary C. Beste Memorial Scholarship, Ticonderoga Central School District, 351 Amherst Avenue, Ticonderoga, NY 12883....Rudolph Meola

Associate Justice Charles Evans Hughes 1910-1916, governor of New York State in 1906, visited Silver Bay. There is a picture of him in the Silver Bay Post Office.

ACCIDENT ON ROUTE 8 - JULY 15

As we were putting the final touches on The Hague Chronicle, we received word of a serious accident on Rt. 8. A starch truck, heading for Ticonderoga went off the north side of the highway at the Fish Weir, 50 ft. upstream from the bridge where the brook crosses Rt. 8. The truck ended up on its side in Hague Brook and the oil from its fuel supply was flowing into the brook. Dick Frasier responded immediately and sealed off the flow and the Hague Fire Department and Ambulance Squad with the help of the Highway Dept put bales of hay in the brook to absorb the oil. Supervisor Bolton notified EnCon and DOT immediately of the problem. The driver escaped with minor injuries.
