To whom it may concern,

I have been asked to provide information regarding recreational boating restrictions on Wooster Lake, as it relates to the IDNR Conservation Police.

Beyond the regulations found in the Illinois Boat Registration and Safety Act (which applies to all waters of the state), the IDNR does not have any administrative rules; currently and to my knowledge previous, that impose any recreational boating restrictions on Wooster Lake. This includes a no wake restriction.

In order for a no wake restriction to be enforced by the IDNR Conservation Police, the restriction, if not implemented by the IDNR, would need to be implemented by a local unit of government having jurisdiction and posted/ marked in accordance with U S Coast Guard guidelines.

Regards,

Acting Region 2 Commander Brett Scroggins
IDNR Conservation Police
