*Hope Begins with Housing*  
Project Interconnections, Inc.

**PROJECT INTERCONNECTIONS, Inc.** (PII) has been playing a vital role in Atlanta since 1988, and currently provides 477 units of affordable permanent supportive housing in seven properties throughout the metropolitan area. This type of housing allows men and women who are facing the challenges of mental illness and homelessness to reside in communities that are equipped to provide recovery oriented programs. Residents at PII properties find shelter, support and hope.

As one of the largest providers of permanent supportive housing in the southeastern United States, PII, working closely with partner agencies and funders in Atlanta, reaches and serves residents in various stages of homelessness and crisis. Creating housing opportunities for these often hard to serve individuals allows PII to be a part of the bigger picture of ending homelessness in Atlanta.

In fulfilling our mission, PII works to develop and manage affordable, permanent housing with on-site supportive services for adults facing the challenges of mental illness and homelessness.

**At PII, hope begins with housing.**

**COVER ARTWORK BY BRENT WESTON, FORMER RESIDENT**

*“Project Interconnections offered me affordable housing and encouraged me to continue to create through the tough times in my life. They also gave me a chance to showcase my work to a kind and receptive audience. Their support allowed me to feel affirmed in working towards my goals in life.*”

**For more on Brent’s story, please view our video
