OBJECTIVES:

The Primary goals of the annual conference are to increase attendee’s awareness of new trends in rehab health care and to support the continued growth of rehab nursing and individual nurses. After attending the conference, you will be able to:

- Identify the various etiologies of orthostatic hypotension.
- Educate patients regarding the various disability travel resources and websites.
- Describe the benefits of therapeutic use of sports and recreation.
- Develop resources for your rehabilitation patient to ensure effective care and optimum management.
- Describe the Stress-Response System and how stress affects the brain and body systems as it relates to TBI.
- Discuss the benefits that the garden offers as an under-utilized rehab option for a variety of ailments and trauma sequelae.

5.5 Nursing CE approved by Florida Board of Nursing - FSARN (FBN-50-777)

5 CCM Contact Hours applied for from CCMC
