## ASA 2019 THOMAS R. HOBSON DISTINGUISHED AEROSPACE SERVICE AWARD NOMINATIONS

The Aerospace States Association invites you to nominate candidates for the Thomas R. Hobson Distinguished Aerospace Service Award for exceptional contributions in bringing government, industry and education together in the support and advancement of the aerospace industry.

### PURPOSE

The Aerospace States Association represents states' interest in federal aerospace and aviation policy development. It advocates on behalf of all 50 states and territories for research and design funding, workforce training, economic development in aerospace and aviation, excellence in science, technology, engineering and mathematics (STEM) education, as well as keeping states competitive in the global high-tech aerospace and aviation market place.

The Thomas R. Hobson Distinguished Aerospace Service Award is awarded each year to one individual who has demonstrated exemplary characteristics which bring government, industry and education together to strengthen the aerospace industry for the benefit of a state, territory or region of the United States of America.

This distinguished award is named in honor of Thomas R. Hobson, a lifelong member with outstanding service to the U.S. aerospace community and a committed supporter of the goals and objectives of the Aerospace States Association. Mr. Hobson effectively demonstrated a passionate and genuine desire to advance the U.S. aerospace industry and maintain leadership in advanced manufacturing among aerospace and defense industries at the local, state, and national level. He was a man of great character and insight and possessed wisdom that allowed him to effectively approach tough challenges with innovative and effective solutions. Many in business and government, found him a superb mentor and trusted counselor until his untimely death in June 2014.
