

Farley is a 6-year-old male, Dachshund / Pomeranian blend. He is an owner surrender because his family moved.

Farley is good with other dogs, and very independent.

We are uncertain if he is good with cats or children.

He is house trained, leash trained, but not sure about doggy door trained.

He loves to sleep in his kennel.

He loves to sit on your lap and for you to pet him.

Farley is fully potty trained.

He loves to protect the backyard from the trees blowing and to let the neighbors know he is on the watch.

He thinks he is a blanket for his human because he loves to lay on you when you're sitting on the couch.

He is neutered, microchipped, up-to-date on his shots and ready to find his new forever family.
